## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended JUN 30 1951 19.....

Principal H. M. M. M. M. M.

Dated JUL 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. M. M. M. M.  
Indian Agent

Dated at Vanderhoof B.C.  
this July 4 - 1951 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended MAR 31 1951 19.....

Principal [Signature]

Dated APR 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended MAR 31 1951 19.....

Principal J. M. McNeil

Dated APR 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended MAR 31 1951 19.....

Principal J. P. Mulvihill

Dated APR 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended MAR 31 1951 19.....

Principal J. M. Hulme

Dated APR 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended MAR 31 1951 19.....

Principal J. H. [Signature]

Dated APR 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended MAR 31 1951 19.....

Principal J. P. Mulvihill

Dated APR 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
~~Lejac Indian Residential School~~  
and tuition at the.....LEJAC, B.C..... School for the Quarter

ended.....MAR. 31. 1951.....19.....

Principal.....

Dated.....APR. 1. 1951.....19.....

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended DEC 31 1950 19.....

Principal.....

Dated JAN 1 1951 19.....

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended DEC 31 1950 19.....

Principal J. H. McNeill

Dated JAN 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended DEC 31 1950 19.....

Principal J. McLaughlin

Dated JAN 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
at Lejac Indian Residential School  
and tuition at the LEJAC, B.C. School for the Quarter

ended DEC 31 1950 19.....

Principal J. H. Philpott

Dated JAN 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended DEC 31 1950 19.....

Principal J. P. Mulvihill

Dated JAN 1 1951 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

J. P. Mulvihill  
Indian Agent

Dated at Vancouver B.C.  
this 3rd January 1951.

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Lejac Indian Residential School School for the Quarter  
ended JUN 30 1952 19.....

Dated JUL 1 1952 19.....  
Principal J. H. Mulvihill

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at .....  
this ..... 19.....  
Indian Agent

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended JUN 30 1952 19.....  
Principal J. Mulvihill  
Dated JUL 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....  
this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended JUN 30 1952 19.....

Principal.....

Dated JUL 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended JUN 30 1952 19.....

Principal J. W. McPherson  
Dated JUL 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended 30th June 1952 19.....

Principal J. M. Macdonald  
Dated JUL 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....  
this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

Handwritten calculations:

$$\begin{array}{r} 178.09 \\ 91 \overline{) 16207} \\ \underline{910} \phantom{00} \\ 737 \phantom{00} \\ \underline{637} \phantom{00} \\ 100 \phantom{00} \\ \underline{91} \phantom{00} \\ 91 \end{array}$$

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the **Lejac Indian Residential School** School for the Quarter  
ended JUN 30 1952 19  
Principal J. Mulvihill  
Dated JUL 1 1952 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at .....  
this ..... 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
**Lejac Indian Residential School**  
and tuition at the **LEJAC, B.C.** School for the Quarter  
ended **JUN 30 1952** 19.....

Principal *J. H. McNeill*  
Dated **JUL 1 1952** 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at *Vanderhoof B.C.*  
this *July 3 - 1952* 19.....

*R. H. McNeill*  
Indian Agent

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended MAR 31 1952 19.....

Principal J. P. Mulvihill

Dated APR 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this..... 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Lejac Indian Residential School School for the Quarter

ended MAR 31 1952 19.....

Principal J. P. Mulvihill

Dated APR 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
*Lejac Indian Residential School*  
and tuition at the..... *LEJAC, B.C.* ..... School for the Quarter  
ended..... *MAR 31 1952* ..... 19.....

Principal.....

*J.P. Mulvihill*

Dated..... *APR 1 1952* ..... 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at.....

this..... 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School  
LEJAC, B.C. School for the Quarter  
ended MAR 31 1952 19.....

Principal.....

Dated APR 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Lejac Indian Residential School School for the Quarter  
ended MAR 31 1952 19.....

Principal J. P. Mulvihill

Dated APR 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

Handwritten calculations:

$$\begin{array}{r} 172.72 \\ 91 \overline{) 15718} \\ \underline{9100} \\ 6618 \\ \underline{6370} \\ 248 \\ \underline{182} \\ 666 \\ \underline{637} \\ 290 \\ \underline{182} \\ 48 \end{array}$$

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Lejac Indian Residential School School for the Quarter  
ended MAR 31 1952 19.....

Principal J. H. Thibault

Dated APR 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
**Lejac Indian Residential School**  
and tuition at the **LEJAC, B.C.** School for the Quarter  
ended **MAR 31 1952** 19.....

Principal *J. McInnis*

Dated **APR 1 1952** 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

*J. H. H. H.*  
Indian Agent

Dated at *Lejac B.C.*  
this *1st* *April* 1952

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School  
ended DEC 31 1951 19.....

Principal J. P. Mulvihill

Dated JAN 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Lejac Indian Residential School School for the Quarter  
LEJAC, B. C.

ended DEC 31 1951 19.....

Principal J. M. Macdonald

Dated JAN 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended DEC 31 1951 19.....

Principal J. M. Mulvihill

Dated JAN 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....  
this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended DEC 31 1951 19.....

Principal.....

Dated JAN 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
*Lejac Indian Residential School*  
and tuition at the.....*LEJAC, B.C.*.....School for the Quarter  
ended.....*DEC 31 1951*.....19.....

Principal.....*J. M. [Signature]*.....

Dated.....*JAN 1 1952*.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
*Indian Agent*

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

### NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

#### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School School for the Quarter  
ended DEC 31 1951 19.....

Principal J. Mulvihill  
Dated JAN 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....  
this..... 19.....

#### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the Lejac Indian Residential School  
LEJAC, B.C. School for the Quarter  
ended DEC 31 1951 19.....

Principal.....

Dated JAN 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Lejac Indian Residential School School for the Quarter ended DEC 31 1951 19.....

Principal.....

Dated JAN 1 1952 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....

this..... 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Lepic School for the Quarter

ended Dec 31 1952

Principal E. J. Kelly

Dated Jan. 4 1953

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

P. Rowe  
Indian Agent

Dated at Vancouver B.C.

this 6<sup>th</sup> of January 1953

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the LEJAC School for the Quarter ended December 31 19.52.  
Principal LEJAC, B.C.  
Dated January 4, 19.53.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at Vanderhoof, B.C.  
this 6th of January 19.53.

### NOTE

Principals will please be guided by the instructions printed on the last page.

POOR COPY

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

# INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
and tuition at the.....LEJAC.....School for the Quarter

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the LEJAC School for the Quarter

ended December 31 19 52.

Principal.....

Dated January 4 19 53.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... School for the Quarter

ended.....19.....

Principal.....

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
*Indian Agent*

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance  
**Lejac Indian Residential School**

and tuition at the **LEJAC, B.C.** School for the Quarter

ended Sept 30 1952

Principal G. F. Kelly

Dated Oct 7 1952

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

[Signature]  
Indian Agent

Dated at Vanderhoof B.C.

this October 11 1952

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... School for the Quarter ended ..... 19.....

Principal.....

Dated..... 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
*Indian Agent*

Dated at.....

this..... 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... School for the Quarter ended ..... 19.....

Principal.....

Dated..... 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at.....

this..... 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... School for the Quarter ended ..... 19.....

Principal .....

Dated ..... 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at .....

this ..... 19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....School for the Quarter ended.....19.....

Principal.....

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at.....

this.....19.....

### NOTE

Principals will please be guided by the instructions printed on the last page.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

### NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

#### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... School for the Quarter ended ..... 19.....

Principal .....

Dated ..... 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....  
Indian Agent

Dated at .....

this ..... 19.....

#### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....School for the Quarter ended.....19.....

Principal.....

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

Principal  
Fort St. James  
B.C.

## Remarks:

This is a new Boarding school and was first opened July 1/17; a grant was provided for the March 9<sup>th</sup> at the rate of 125 per capita which has been increased to 135.00 per capita from April 1/17.

CERTIFIED CORRECT

25. 7. 17

I HEREBY CERTIFY that this Voucher is correct.

Supt. or Agt.

NOTE.—The number of school days in the quarter and the number of days for which payment is asked stated; payment will only be made for days school was open and authorized holidays.

POOR COPY

Ottawa, July 26, 1917.

Rev. Sir,-

I have to acknowledge the receipt of the March and June quarter returns of attendance from the Stuart Lake Boarding School.

In reply I beg to say that the grant for the March quarter is only being paid for <sup>the</sup> 59 days the pupils were in attendance, viz.- from February 1st to March 31st. The grant due for that quarter amounts to \$819.37 and is paid at the rate of \$125.00 per capita.

The grant for the June quarter is paid for a full attendance of 41 pupils and amounts to \$1383.75.

The grants to all residential schools were increased by \$10.00 per capita from the first of April, last, for the present fiscal year only and, therefore, the grant to your school for the June quarter is being paid at the rate of \$135.00 per capita.

An advance of \$800.00 had previously been sent you and there is a balance due for the two above named quarters of \$1403.12, a cheque for which amount will be sent you.

Your obedient servant,

Asst. Deputy and Secretary.

Rev. J. Allard, O.M.I.,  
Principal,  
Stuart Lake Boarding School,  
Fort St. James, B.C.

I would greatly appreciate your giving me an account of  
\$1,000.00 at once. It would enable me to give to the  
stores at least a substantial account at the time ap-  
pointed to meet my bills.

IN YOUR REPLY REFER TO  
No. ....  
ALSO  
TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge receipt of your letter of the 15th. instant No. 163-I-3 in regard to the June Quarterly School return. I am submitting herewith the copy of girls return asked for. I am sorry that the mistake of sending two copies of the boys' return occurred. I will endeavour to see that a like oversight does not occur again.

I have the honour to be, Sir,  
Your obedient servant,

*W. J. McCallan*

Indian Agent.

The Secretary,  
Department of Indian Affairs,  
Ottawa. Ont.

Ottawa, July 15, 1924.

Sir:

In forwarding the June quarter return of the Fraser Lake Residential School, you have sent two copies of the return showing the names of the boys and omitted forwarding the copy of the return showing the names of the girls. The duplicate list of the boys is returned herewith and you should forward at once the list of the girls.

Your obedient servant,

*Russell T. Ferrier*

Russell T. Ferrier,  
Supt. of Indian Education.

OTTAWA, April 13th, 1922.

Sir, -

I have to acknowledge the receipt of your letter of the 4th instant, enclosing the March quarter return of the Fraser Industrial School.

In forwarding this return, you sent two copies showing the names of the girls in attendance, but did not furnish a copy of the return showing the boys in attendance. I enclose herewith the duplicate copy of the return showing the girls in attendance, and would request you to at once forward one copy showing the attendance of the boys during the ~~present~~ quarter.

The grant cannot be paid until this is received, and I would, therefore, request you to forward it, if possible, by return mail.

*A partial payment of the grant will be forwarded, ~~if possible~~ kindly advise the Principal*  
Your obedient servant,

Russell T. Ferrier,  
Supt. of Indian Education.

Ottawa, January 20, 1921

Reverend Sir,-

The December quarter grant for the Fraser Lake Boarding School is being paid on an average attendance of 75 pupils and amounts to \$2,718.75.

The Department has recently paid an account amounting to \$150.00 for blankets purchased from the Militia Department in January 1920. This amount is being deducted from the grant and a cheque for the balance \$2,568.75 is being sent you.

Your obedient servant

J. D. McLEAN

R

Sir,—

I have the honour to enclose herewith the report of the Rev J.Allard, Principal of the Stuart Lake boarding School for the quarter ended Dec 31st 1919.

The Principal informs me that he has been advised through Right Rev. Bishop Bunoze that the capitation grant is now \$155.00 per annum. I cannot find that I have been advised of this increase by Department but am forwarding the returns made out on that basis. If incorrect kindly advise me.

I have the honour to be, Sir,

Your obedient servant

IN YOUR REPLY REFER TO  
No. S-1.  
ALSO  
TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge receipt of your letter of October 22nd. No 163-1-3 and I also beg to acknowledge receipt of cheque No. 3416 for \$5391-97, Fraser Lake Indian Industrial School per capite earnings for the September quarter. This will be indorsed in favour of the Assistant Principal and forwarded on to him.

I may say that I had a letter from the Rev. Father Coccolo, the Principal. He is at present spending a week or two at the St. Eugene Mission but I expect him to return to the Fraser Lake School very shortly. However I will take this matter up and endeavour to give you a more definite reply.

I have the honour to be, Sir,  
Your obedient servant,

*H. J. Wallace*  
Indian Agent.

The Secretary,  
Department of Indian Affairs,  
Ottawa.

Ottawa, October 22, 1924.

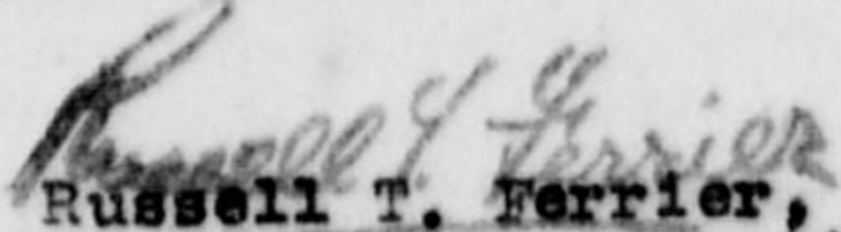

Sir,-

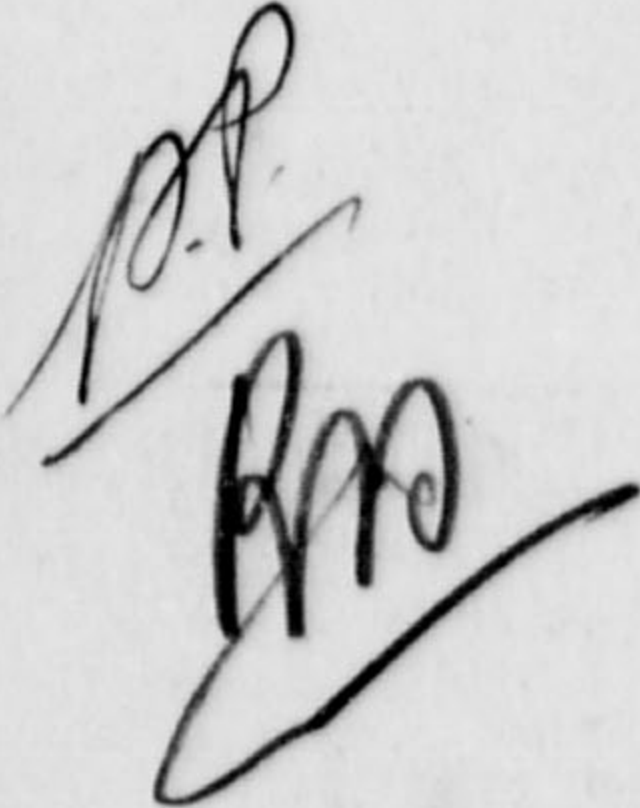

I have to acknowledge the receipt of the September quarter return of the Fraser Lake Residential School.

It is noted that this return is signed by Rev. Father Plamondin as acting-principal. As the Department has not received any official notice of his appointment, it has been decided to draw the cheque covering the grant for the September quarter earnings in your favour and you should endorse it in favour of whoever is in charge of the school.

Please advise if you have any information regarding the length of time that Father Ceccola will be absent from the school.

Your obedient servant,

  
Russell T. Ferrier,  
Supt. of Indian Education.

Reverend Sir,-

In reply to your letter of the 19th instant, I beg to say that the March quarter grant of the Fraser Lake Residential School was computed on an average attendance of 138.69 and amounts to \$5894.32. Cheque No. 835 for \$2500.00, which you state you have received, was a part payment of the March quarter earnings. The balance will be forwarded early next month.

The reason for the delay in this matter is due to the fact that our total appropriation has not yet been voted by Parliament. The amount provided by the interim Supply Bill was only sufficient to permit us to pay part of your March quarter earnings.

Your obedient servant,

*Russell T. Ferrier*  
Russell T. Ferrier.  
Supt. of Indian Education.

POOR COPY

Ottawa, November 14th, 1933.

Sir,-

The Department is in receipt of the September quarter return of the Lejac Indian Residential School and it is noted that the maximum number of days for which grant is requested for any pupil is seventy-two (72). It would, therefore, appear that all pupils in residence in June were allowed home for holidays. If this is so, the return has been prepared in the proper manner, as you were informed in official letter of July 12th, last, that, in preparing the September quarter return, the Principal should request grant for the number of days each pupil was in residence during the quarter, plus 43 days' holidays, for which grant is allowed.

If, however, any of the pupils were kept in the school during the whole of the September quarter, the Principal should have requested grant for 92 days for such pupils. You might make inquiries and advise the Department if there were any pupils kept in residence during the full quarter and, if so, you should state their names and register numbers.

The reason for the Department requesting this information is due to the fact that we wish to allow the school all the grant to which they are entitled. I may say that, in preparing the September quarter return, the Principal obtained his average attendance by dividing the aggregate number of days by 72. He should have divided the aggregate attendance by 92. By so doing, of course, the average would only be 106.79, which would mean that the earnings would be less than he requested.

In order to have the information requested in paragraph 2, before finally paying the grant for the September quarter, the Department is only forwarding the Principal a partial payment of \$3,000. The balance of grant due will be paid when your reply is received giving the information requested in this letter.

A duplicate copy of this letter is enclosed, which you can hand to the Reverend Principal.

Your obedient servant,

*J.D. Sutherland*  
J.D. Sutherland.

Ottawa, July 22, 1933.

Sir:

I have to inform you that His Lordship Bishop Bunoz, Prince Rupert, B. C., has nominated the services of Reverend L. H. Rivet, O. M. I., as principal of the Lejac Indian Residential School, to succeed Rev. N. Coccola, O. M. I., who will retire as from August first, next. Father Rivet is well qualified for the position. He is familiar with farming operations and school management and has had associations with the Indians with whom he will come in contact. The Department is approving of his appointment.

I have to request that you will give Father Rivet every possible assistance in his work at this school.

Sir:

With reference to your letter of the 8th instant, I beg to say that cheque #6284, for \$5,737.50, in payment of the September quarter per capita allowance of the Lejac Indian Residential School was forwarded to the Reverend Principal on the 3rd instant. It is hoped that it has reached him by this time.

Vanderhoof, B.C.

November 8th. 1932.

Sir:-

The following letter was received this morning from the  
Rev. N. Cocco, O.M.I., Principal of the Lejac Indian Residential  
School:-

"Up to date the cheque from the Indian Department has not  
yet been received. Would it have gone astray? The Bank is  
charging such high interest that I have to leave our bills unpaid."

I would be pleased if you would look into this matter and  
see if the September Quarter cheque has gone forward to the Rev.  
Principal.

Your obedient servant,

*R. H. Moore*

Sir:

I have your letter of the 19th instant, relative to the proposed change in the name of the Fraser Lake Indian Residential School, and enclosing copy of a communication which you received from the Reverend Principal regarding the matter.

In reply I have to say that the Department will approve of this school being known in future as the "Lejac" Indian Residential School, and in correspondence from yourself and the Principal you should use the above name. Please inform the Principal of the approval granted for the change in the name of this school.

Sir,-

I beg to acknowledge the receipt of your S-2 of the 17th instant, with reference to the June quarter grant of the Fraser Lake Indian Residential School. A cheque in payment of this grant was sent to the Reverend Principal on the 7th instant and he was so advised by official letter of the same date. It is presumed that he has received the cheque by this time as Father Coccola has not written to the Department since that time.

Your obedient servant,

Ottawa, May 5th, 1931.

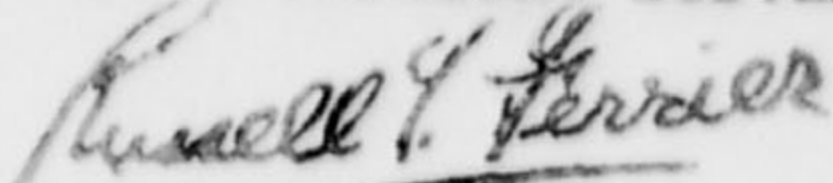

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 27th ultimo, with reference to the March quarter grant of the Fraser Lake Indian Residential School.

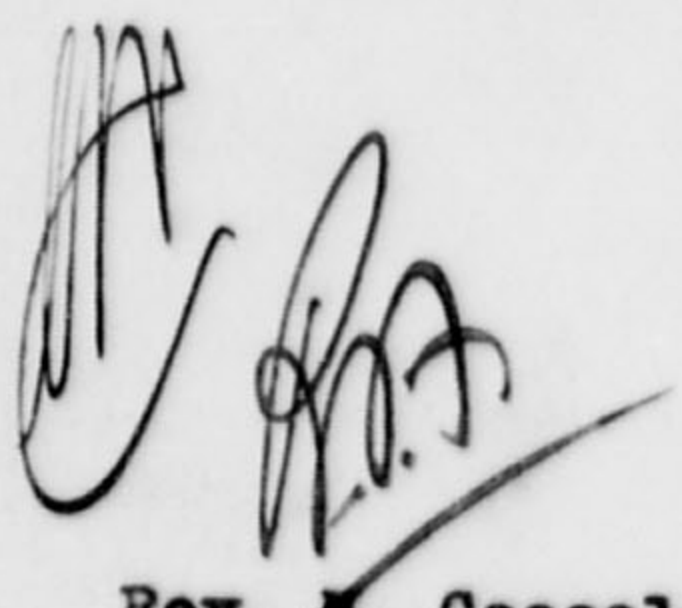

The return was duly received by the Department and has been checked but payment of the grant due has not been made owing to lack of funds.

Our full appropriation for the current fiscal year has not yet been approved by Parliament. Up to the present, we have received an interim appropriation which only permits making absolutely necessary expenditures. Under these circumstances, the Department has been unable to issue cheque for your March quarter grant. If, however, you find it impossible to conveniently make such arrangements as will provide funds for the next month or so, you should advise me and an endeavour will be made to forward a part, at least, of your March quarter grant.

Your obedient servant,

Russell T. Ferrier.  
Supt. of Indian Education.

Sir,-

With reference to your S-2 of the 18th instant, I beg to say that, as you were informed in official letter of the 14th instant, a cheque for \$3,000., being a part payment of the September quarter grant of the Lejac Indian Residential School has been forwarded to the Principal. It is hoped that this cheque has reached him by this time.

Your obedient servant,

J. D. Sutherland.  
Acting Supt. of Indian Education.

December 9th., 1933.

S-2.

Sir:-

I beg to acknowledge receipt of your letter of November 14th., 1933, File No. 163-1-3 regarding the September Quarter returns from the Lejac Indian Residential School as submitted by the Rev. L.H.Rivet. I have had the Rev. Principal fill in and sign supplementray forms giving the information requested in your letter, which I am attaching hereto. I trust that these will be found in order and that the balance of the grant will be paid as soon as possible as the Principal has a large number of overdue accounts which he wants to pay.

Your obedient servant,

R.H. Moore,  
Indian Agent.

RHM/L.

The Secretary,  
Department of Indian Affairs,  
Ottawa.

Ottawa, September 4, 1934.

Sir:

With reference to your letter of the 29th ultimo, I beg to say that the June quarter return of the Fort George Residential School has been reviewed, and the under payment of \$4.25 will be allowed when issuing cheque in payment of the September quarter per capita grant.

The Moose Factory Residential School grant is allowed for 40 pupils, and payment was made for this number (see cheque No. 13592). This information should have been entered on the quarterly return.

At the St. Bernard Indian Residential School, grant was allowed for 88 pupils, and the amount due was included in Central Office cheque No. 3562.

At the McIntosh School grant is provided for 80, and payment was made for this number (see voucher No. 12028).

At the Lejac Residential School grant is provided for 150 and was paid for this number (see cheque No. 10515).

I regret that the number for which grant is allowed at each of the four schools just mentioned was not included on the respective returns. If this information had been given to you, you would have noted that neither over payment nor under payment was made on any of these four schools.

Your obedient servant,

*J. D. Sutherland*  
J. D. Sutherland,  
Acting Supt. of Indian Education.

*C. J. Allan*  
C. J. Allan, Esq.,

FILE NO.....

Ottawa, August 29, 1934.....

Dear Sir,-

I wish to draw your attention to apparent errors in the calculation of the June quarter per capita payments for the following residential schools:-

|                |                            |        |
|----------------|----------------------------|--------|
| Moose Factory, | apparent overpayment of \$ | 79.15  |
| St. Bernard's  | " underpayment             | 85.53  |
| McIntosh       | " "                        | 103.43 |
| Fort George    | " "                        | 4.25   |
| Lejac          | several errors             |        |

You will please find herewith the attendance returns for the five schools mentioned above.

Yours truly,

*[Signature]*

Chief Examiner,  
"C" Branch.

J.D.Sutherland, Esq.,  
Acting Superintendent of Indian Education,

Ottawa, September 12, 1936.

Right Reverend Sir,-

The Department is in receipt of your letter of the 31st ultimo, nominating Rev. P. McGrath as temporary Principal of the Lejac Indian Residential School to succeed Rev. L. H. Rivet, O.M.I.,

The temporary appointment of Reverend P. McGrath is approved.

I have the honour to be,

Right Reverend Sir,

Yours truly,

*A. F. MacKenzie*  
A. F. MacKenzie.  
Secretary.

Rt. Rev. E. M. Bunoz, O.M.I.,  
Vicar Apostolic of the Yukon,  
Prince Rupert, B. C.

163-1-3.

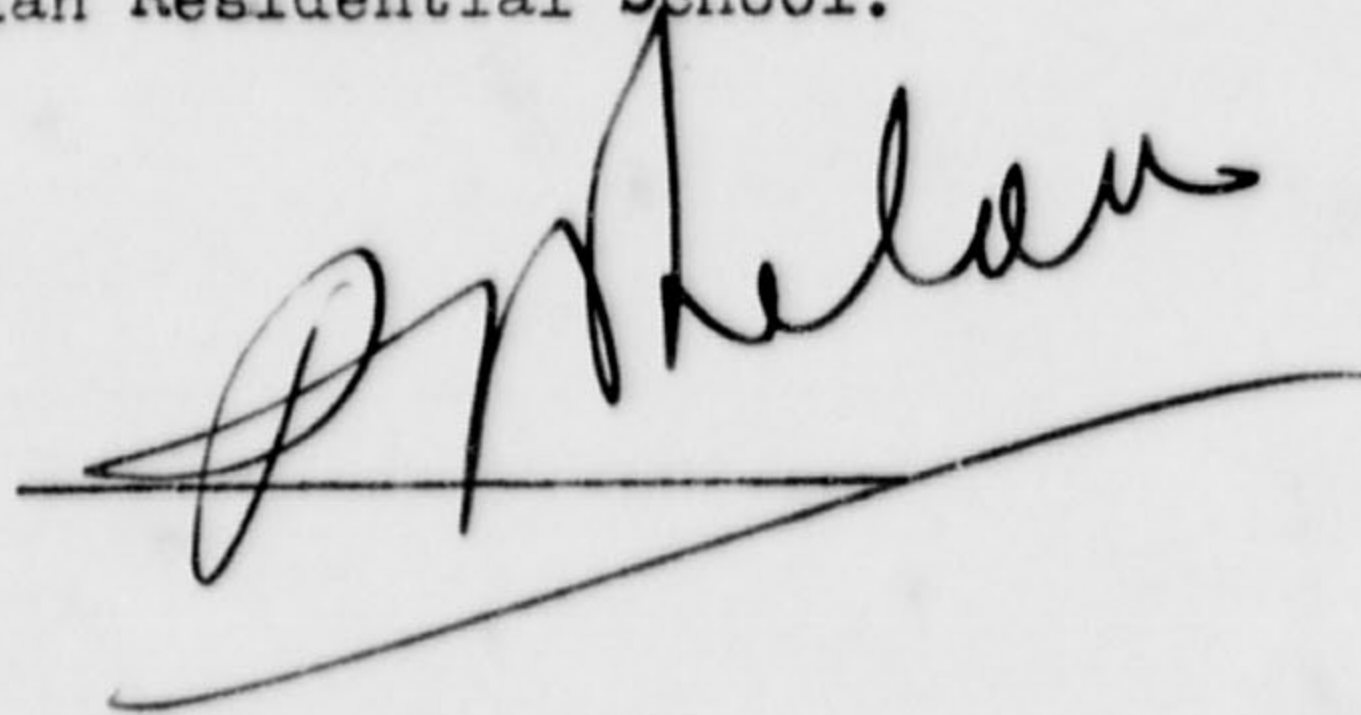

Ottawa, May 9, 1935.

MEMORANDUM FOR FILE:

In official letter of January 30, 1935, on file No. 163-1-10, supernumerary grant was promised for Marion Baptiste (Louis), No. 088, until the end of June, 1935.

This promise was overlooked in paying the March quarter per capita grant, and, consequently, when paying the JUNE QUARTER PER CAPITA GRANT, 1935, supernumerary grant should be allowed for two pupils for that quarter.

This will necessitate having the voucher approved by the Deputy Superintendent General. In mentioning the matter to him, I would refer to the report of the R.C.M.P. dated January 9, 1935, on File No. 163-1-10, in which it is stated that, owing to immoral conditions in the home in which this girl was living, it was deemed necessary to return her to the Lejac Indian Residential School.

Dear Father Byrne-Grant,-

I received your telegram of the 28th instant and arranged to forward you a cheque for \$4,000., being a part payment on the June quarter per capita allowance of the Lejac Indian Residential School. This cheque was mailed to you on the 29th instant.

Yours truly,

Philip Phelan.  
Chief, Training Division.

Rev. W. Byrne-Grant, O.M.I.,

Lejac Indian Residential School

Under Direction of The Oblate Fathers

LEJAC, B.C.

July 7th 1938

*Schools*  
The Secretary,  
Dept. of Indian Affairs,  
Ottawa, Ont.

Dear Sir,

Would it be possible to have the cheque for the quarterly Grant sent direct to the Canadian Bank of Commerce, instead of to the School? I have discussed the matter with the manager of the Bank and he tells me that there would be no objection as far as the Bank is concerned and that they would deposit the cheque to the credit of the school account and notify me of its receipt.

We are situated about forty-five miles from the bank and it is not always convenient to drive that far. The roads are often impassible in winter and as they are only gravelled in patches, travelling is often difficult in summer. It would therefore save us a great deal of trouble if the cheque were sent to the bank.

Yours sincerely,

*Wm. Byrne-Grant*

Rev. W. Byrne-Grant, O.M.I.

Principal.

PLEASE QUOTE  
FILE S-2-80

Vanderhoof, B.C., Oct. 11th. 1938.

Sir:-

I beg to enclose herewith a copy of a letter in duplicate received from the Rev. Principal, Father Grant, of the Lejac Indian Residential School which I trust you will find self explanatory.

Kindly see that the cheques coming from the Department to the school are in future sent to the Canadian Bank of Commerce as requested by the Principal. This refers to the cheque for the September Quarter, the report for which has already gone forward to the Department.

Your obedient servant,

R.H. Moore,  
Indian Agent.

RHM/L.

The Secretary,  
Indian Affairs Branch,  
Department of Mines and Resources,  
Ottawa, Ont.

Sir:-

I beg to enclose herewith a copy of a letter in duplicate received from the Rev. Principal, Father Grant, of the Lejac Indian Residential School which I trust you will find self explanatory.

Kindly see that the cheques coming from the Department to the school are in future sent to the Canadian Bank of Commerce as requested by the Principal. This refers to the cheque for the September quarter, the report for which has already gone forward to the Department.

Your obedient servant,

R.H. Moore,  
Indian Agent.

RHM/L.

The Secretary,  
Indian Affairs Branch,  
Department of Mines and Resources,  
Ottawa, Ont.

Oct. 7th. 1930.

Mr. R.H. Moore,  
Indian Agent,  
Vanderhoof, B.C.

Dear Mr. Moore:-

In view of my departure from the school at the time when the Per Capita Allowance for the past quarter is about due, I think it would be wise to ask the Department to make the Cheque payable to the bank of Commerce, at Vanderhoof instead of to me personally.

There are several advantages in this proposal.

FIRST:- It would protect the bank while the school account is overdrawn.

SECOND:- It would enable the cheque to be deposited to the school account, even if the Principal happened to be absent at the time.

THIRDLY:- It would save a great deal of trouble during the winter months when the trip from the School to Lejac is both difficult and costly.

I would be glad therefore if you would convey this request to the Department.

Yours sincerely,

Signed:- W. Byrne Grant, O.M.I.

Ottawa,  
May 26, 1939.

Dear Sir:

I regret that due to the close of the fiscal year there has been considerable delay in issuing the cheque for the March quarter per capita allowance at the Lejac Indian residential school. However, on receipt of your telegram of the 23rd instant arrangements were made to have a cheque go forward and it should reach the school within the next few days.

Yours truly,

Philip Phelan,  
Chief, Training Division.

Robt. Howe, Esq.,  
Acting Indian Agent,  
Vanderhoof, B. C.

Copy sent to Mr. Turgeon

Ottawa,  
February 1, 1940.

Dear Father Simpson:

Mr. J. G. Turgeon, M.P. for Cariboo, recently interviewed me and presented very strong reasons why the pupilage at the Lejac Indian Residential School should be increased.

The authorized pupilage at your school for which grant has been provided since April 1, 1935, is 160. However, for the last few months we have been allowing grant for 3 supernumerary pupils making a total of 163 for whom you have been paid. However, we cannot any longer allow supernumerary grant and consequently in future we can only pay for 160 pupils. I would like to be in a position, in view of the arguments presented by Mr. Turgeon, to definitely advise you that your authorized pupilage would be increased but due to present economic conditions it is simply impossible to give any definite assurance whatever regarding any matter that would involve increased expenditure. May I point out that requests for increased pupilage are received almost daily from Principals of residential schools throughout the Dominion. However, the funds at our disposal do not permit favourable consideration being given to these requests and consequently I would like to assure you that you are not being treated any differently than the many other residential schools where apparently the management considers that more pupils can and should be accommodated than the authorized pupilage. The only possible solution that I can offer is to reduce your pupilage to the authorized number. This could be done by discharging pupils whose home conditions are satisfactory or those approaching their 16th birthday and who have had the opportunity of some

Rev. A. R. Simpson, O.M.I.,

years tuition. In this way it might be possible to provide accommodation for those who have not yet attended school.

Mr. Turgeon also mentioned that he was under the impression that you had stated to him that the Kamloops Residential School was paid a higher rate than you are. In this regard may I say that the per capita rate at both Lejac and Kamloops is exactly the same; namely, \$170.00 per annum. Mr. Turgeon also understood that you referred to another school which is being paid at a slightly higher per capita rate than yours. The arrangement with this particular school was made some years ago due to special circumstances which, in the opinion of the Department, still exist.

I can assure you that in the event of funds being provided for an upward revision of the pupilage at Indian residential schools the requirements at Lejac will not be overlooked.

Yours truly,

Philip Phelan,  
Chief, Training Division.

Stuart Lake Agency.

Vanderhoof, B.C.,

January 19th. 1940.

Sir:-

The Local Manager of the Canadian Bank of Commerce spoke to me this morning regarding the matter of having the Quarterly Per-Capita cheque for the Lejac Indian Residential School sent directly to the Vanderhoof Branch of the Canadian Bank of Commerce. He says that apparently the last cheque for the September Quarter went to the Principal of the School. In this connection I would respectfully refer you to my letter of October 11th. 1938 File No. S-2-80, enclosing a copy of a letter from Rev. Father Grant requesting that the quarterly cheque be sent to the Bank direct. The school account is apparently overdrawn at the Bank and this would protect the Bank and would be of advantage to the School in various ways as explained in the Principal's letter.

Your obedient servant,

*Jas. H. F. Lacey*  
Jas. H.F. Lacey,  
Acting Indian Agent.

The Secretary,  
Indian Affairs Branch,  
Department of Mines and Resources ,

*Schools*

Sir:-

I beg to attach hereto a letter received today from the Rev. Father A.R. Simpson, Principal of the Lejac Indian Residential School, which I trust you will find self explanatory.

Your obedient servant,

*Robert Howe*  
Robert Howe,  
Indian Agent.

RH/L.

The Secretary,  
Indian Affairs Branch,  
Department of Mines and Resources,  
Ottawa, Ont.

Enclosure.

# Lejac Indian Residential School

*Under Direction of The Oblate Fathers*

LEJAC, B.C.

May 6th., 1940.

Robert Howe, Esq.,  
Indian Agent,  
Vanderhoof, B.C.

Dear Mr. Howe:

When sending in the returns for the past quarter, I requested that, in the event of the payment of the grant being delayed, the Department would give me an advance of about four thousand dollars on the amount due.

Until the date of writing, I have not received such an advance; and I earnestly request that you do what you can to expedite the arrival of these funds, which I am badly in need of.

Yours truly,

*Rev. Alex. R. Simpson, O.M.I.*

Rev. Alex. R. Simpson, O.M.I.  
Principal

## Lejac Indian Residential School

*Under Direction of The Oblate Fathers*

**Lejac, B.C.**

July 24th., 1947.

Philip Phelan, Esq.,  
Chief, Training Division,  
Indian Affairs Branch,  
Ottawa, Ont.

Dear Mr. Phelan:

Thank you for your letter of the 8th. inst.  
I must apologise for having caused so much unnecessary  
fuss. When the second cheque arrived I had it in my  
mind that the first one had been for ~~only~~ \$5000.00;  
and, instead of verifying this by looking at my books,  
I sent in the letter about the alleged shortage.

Upon receiving your letter I checked my books  
and found that I had been mistaken.

Yours very truly,

*Rev. Alex. R. Simpson, O.M.I.*

Dear Father Simpson:-

Your recent letter with reference to the payment of the March quarter per capita allowance for the Lejac Residential School has been brought to my attention.

You state that the amount due the school for the quarter mentioned was \$9,625. This is correct.

Our records show the following cheques were forwarded to you:

March 7, 1947 - Cheque 70652 - \$5,200.00

May 23, 1947 - Cheque 68608 - \$4,425.00

T o t a l \$9,625.00

Yours sincerely,

Philip Phelan  
Chief, Training Division.

## Lejac Indian Residential School

Under Direction of The Oblate Fathers

Lejac, B.C. June 30th., 1947.

Bernard F. Neary, Esq.,  
Supt. of Welfare and Training,  
Indian Affairs Branch,  
Dept. of Mines & Resources,  
Ottawa, Ont.

Dear Sir:

Your file: 163-1-3 (WT.7)

In replying to your letter of June 13th., which was signed on your behalf by Mr. Doucett, I wish to point out that in my previous letter I was not asking for grant over and above our authorized pupilage; but my complaint was that the amount of grant received was exactly \$200.00 short of what it should be for 175 pupils with a per capita grant of \$220.00 per annum.

I had thought that this shortage of exactly \$200.00 was probably due to an error in calculation; but it is implied in your letter that it is due to the fact that two pupils were shown in the March Return as having been present for the full quarter, after having been shown as absent in the previous Returns. Even had these children been absent our average for the quarter in question would have been 177.7, which is 2.7 over our authorised pupilage. Therefore, we were even then entitled to our full grant for 175 pupils.

The two pupils, No. 0505 and No. 0506, returned to school on January 7th. Since this was the first day of school in the new term it was not felt necessary to make any deduction in their regard.

Due to our present financial difficulties we can ill afford to let go this shortage of \$200.00. We also have present for the summer vacation over forty children, for whom no remuneration is received over that received for the other children who spend these two months at home.

Trusting that this explanation is satisfactory and that a favourable reply will be received in due course, I remain,

Yours truly,

*Rev. Alex. R. Simpson, O.M.I.*

Ottawa, June 13, 1947.

Rev. A.R. Simpson, O.M.I., Principal, Lejac Indian  
Residential School, Lejac, British Columbia.

With reference to your letter recently received, it is noted that you are claiming grant over and above your authorized pupilage. It is the Department's policy to allow only the authorized pupilage. In this case we allow for one hundred and seventy-five pupils.

The March Return shows pupil No. 0505 and pupil No. 0506 as having been in school for the full quarter. Previous Returns indicated that these children did not return to the school after the summer holidays of 1946.

Mr. Phelan is at present on leave and is not expected to return until the first of July. It is, therefore, requested that you forward the dates that the above two children returned to school so that this information may be reviewed by Mr. Phelan on his return.

  
Bernard F. Neary,  
Supt. of Welfare & Training.

Dear Sir:

*dia 70657 d 11/50  
68608 d/ may 43425.00*

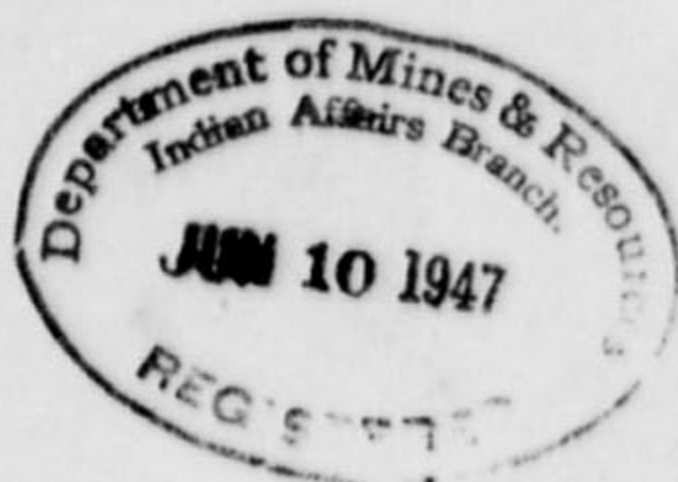

I beg to advise that I have just received from the Treasury cheque No. 68608 in the amount of \$4,425.00, purporting to be the remainder of the per capita earnings for this school for the quarter ending March 31st., a previous cheque for \$5000.00 having been received.

Since our present authorised pupilage is 175, and our average attendance for the said quarter was 179.7, with the current allowance of \$220.00 for this school, the full amount of this cheque for the quarter should have been \$9,625.00; whereas, the total amount of the two cheques received was \$9,425.00, therefore we are \$200.00 short.

Your kind attention to this matter will be greatly appreciated by,

Yours very truly,

*Rev. Alex. R. Simpson, O.M.I.*

Ottawa, August 13, 1946.

Mr. R. Howe, Indian Agent, Vanderhoof, B.C.

With reference to your letter of the 8th instant, I regret that there was some delay in paying the June Quarter Per Capita allowance of the Lejac Indian Residential School. However, a cheque has now gone forward and must have reached the school before this time. We are allowing the Principal a supernumerary grant for ten pupils.

Philip Phelan,  
Chief, Training Division.

AIRMAIL

The Department of Mines & Resources, Indian Affairs Branch,  
Ottawa, Ontario.

The Reverend Principal of the Lejac  
Indian Residential School advises that he has not received  
the grant for the quarter ending June 30th, 1946.

The Principal would appreciate if the  
Department will forward a cheque as soon as possible, so  
that he can meet overdue financial commitments.

  
R. Howe,  
Indian Agent.

Memorandum:

DEPUTY MINISTER

Re: Isjac Indian Residential School,  
Province of British Columbia.

The above is a Government-owned school with an authorized pupilage of one hundred and seventy five.

On October 23rd, 1947, the barn at this school was destroyed by fire. We have been in communication with the Indian Agent and also with Indian Commissioner MacKay regarding the matter and we are advised that temporary accommodation has been provided for the live stock during the coming winter. However, with the destruction of the barn and silo, the school management lost 110 tons of hay and alfalfa, 15 tons of grain, milking machine, grinding machine, two sets of harness and assorted implements. Indian Commissioner MacKay states that the cost of the feed that was destroyed by fire is approximately \$3,000. and the cost of the equipment \$500. or a total loss to the school management of \$3,500.

In order to permit the school to continue efficient operation, it will be necessary to replace the feed and equipment at the earliest possible date. This is a special case and Major MacKay considers that we should reimburse the school management to the extent of \$3,500.

At the present time we are paying the school an Emergency Grant of \$35. If we allow this school an Emergency Grant of \$55. for the calendar year 1947 it would mean an extra payment to them of \$3,500. as their average

pupilage is one hundred and seventy five.

Funds for this payment are available in the current year's appropriation and I would appreciate it if you would approve the above mentioned extra payment being made.

APPROVED

881-3 (E.1)

26th January, 1949.

Rev. J. Mulvihill, O.M.I.,  
Principal,  
Lejac Residential School,  
Lejac, B.C.

Dear Father Mulvihill:

We have your letter of the 19th instant in connection with the payment of quarterly grants for the quarters ended 30th September and 31st December, 1948.

To 30th June, 1948, the per capita rate at your school was \$220.00 plus 17%, or a total of \$257.40.

As a result of an adjustment in the per capita rates at several Residential Schools, we increased the per capita rate at your school to \$268.00 effective from 1st January, 1948. As a result, we included in the September quarter payment of grant the balances due at the increased rate. The following statement will explain the matter to you:

|                                                                         |             |
|-------------------------------------------------------------------------|-------------|
| September earnings at rate of \$268.00 per capita                       | \$11,085.15 |
| Adjustment for March quarter 1948 - $\$174.41 \times \frac{\$10.60}{4}$ | 462.19      |
| Adjustment for June quarter 1948 - $\$172.91 \times \frac{\$10.60}{4}$  | 458.21      |
| Total Payment                                                           | \$12,005.55 |

Yours very truly,

Bernard F. Neary,

Mr. Philip Phelan  
Indian Affairs Branch  
Ottawa, Ont.

Dear Sir:

I am in receipt of the Quarterly cheque for \$11725.00. Would you kindly let me know what the yearly grant is for a pupil in this school since the last increase came into effect. The grant for last quarter was \$280.00 more than this Quarter yet we had less days present in the September returns. There is evidently a mistake on one of the returns. If you would let me know the yearly grant I will be able to re-check the reports.

Thanking you for your kind assistance in the past I remain.

Yours very truly

*J.P. Mulvihill*

# Lejac Indian Residential School

Under Direction of the Oblate Fathers

LEJAC, B.C.

Oct 12th 1948

Mr. Philip Phelan  
Indian Affairs  
Ottawa, Ont.

Dear Sir:

In reply to your letter of Oct. 8th-I am afraid that I did not check the Quarterly Returns carefully enough. Due to pressure of work and the worry of an epidemic of measles I did not check back with the June Report.

The Antoine family returned on Aug. 14th so Paul is eligible for only 47 days. Mary Qwaw and Gloria Derrick returned on Sept. 3rd so are eligible for 27 days. Miriam Peter returned Sept 11th. She was absent for a short period before the holidays. Does this make her ineligible for the holiday grant? I had to keep about 50 children here for the holidays which is more than other are asked to do.

I hope the grant is not held up too long. I have to pay interest on an overdraft at the bank. I had to do this six months ago when the Department sent the cheque to Vancouver instead of Vanderhoof. The money arrived a month late. I do not mind paying for my own mistakes but resent paying for the ones of the Department.

Yours truly

*J. P. Mulvihill*

Vote No. 517

School No. 881

Allot. No. 16-805

E. R. No. ....

In a memo dated March 6, 1950 on file 1-1-3,  
the Minister approved increasing the Per  
Capita rate for this school from \$270. to  
\$300. effective from April 1, 1948. This  
voucher covers the adjustments in that  
respect.

MEMORANDUM

Mr. Scott.

With reference to the building of a cupola on the Fraser Lake Indian Boarding School, I wrote to Mr. Myles Morley, Inspector of Construction, and asked him to advise me if it would be possible to build this cupola at the present time. He has replied, stating that "it is unadvisable to build the cupola at the present time as the weather is so unfavourable, snowing more or less every day and that at night frost is down to between 20 and 35 degrees below zero. He also states that it would be safer and much cheaper to do this work in the spring or summer than at the present time."

In view of Mr. Morley's letter, I beg to recommend that the building of this cupola be postponed for the present.

INDIAN OFFICE

At.....Fort Fraser P.O.....

.....December 28.....19.22..

Sir.-

577253

In the estimates submitted to Inspector Ditchburn from this office under date of August 1/22 and being estimated expenditure in this Agency for 1923-4, under the head of "Schools" there is an uncomputed item viz.- "Landscape gardening in front of School".

The work would consist of laying out the grounds in the immediate front of the Fraser Lake Industrial School, putting in gravel walks, planting trees etc.

Would you kindly advise if instructions will be given to have this work gone ahead with in Spring.

I have the honour to be Sir,

Your obedient servant

Inspector's Office,  
New Indian Boarding School,  
Fraser Lake, B. C.  
December 29th, 1922.

Dear Mr. Orr, -

I received your very welcomed letter, and drawing of turret. I herein enclose roof plan which shows it impossible to fit turret in centre of roof, on account of kitchen chimney.

I have sent a rough sketch showing where said turret could be fixed, also a slight widening of base of same? If the turret is brought down, the roof, so that back would be lineable with ridge, it would be lengthened on front elevation about three feet which, I thought, would throw it out of proportions.

I like the design immensely. What a fine improvement it will make to the appearance of the building! From the section submitted, you will see the good foundation there is, for same.

I think it very inadvisable to build the turret at present, as the weather is so unfavourable - snowing more or less every day, and at nights frost is down to between 20 and 35 degrees below zero. It would be safer and much cheaper to do this work in the spring or summer, when probably more work at this school may be going on.

Yours faithfully,

(SGD) MYLES MORLEY.

P.S: You will observe I have shown 3 casement windows I thought this would be an advantage re light to false roof. Do You approve ?

January 24<sup>th</sup> 1923

578424

To,  
The Secretary,  
Dept. of Indian Affairs,  
Ottawa.

Dear Sir,

Your letter dated January 14<sup>th</sup> just to hand. The work on Laundry and Chapel, also other work authorized at the above School, will be completed about three weeks after the arrival of Laundry Machinery and Electrical fixtures.

The Contractor (at my request) has only the Foreman, 1 Carpenter, and 1 Painter, as I do not wish if possible, to send away for men when the machinery arrives, on account of the transportation expenses. There are no suitable men about here for that work.

I have written Meyers Brothers, Toronto, for a blue print of the Washer and Extractor, showing the exact position of holes in base of machines, in order that I could get the concrete foundation in, for same, with drag bolts embedded in the concrete. This will ensure no delay when the machinery arrives.

Trusting I shall continue in the service of the Dept., when this work is completed.

Your obedient servant,  
Myles Morley,  
Inspector of Construction.

INDIAN OFFICE

At Fort Fraser, B.C.

January 29th. 1923.

578734

Sir:-

I have received an application from the Principal of the Fraser Lake Indian Industrial School for a seed drill and a spring tooth harrow which he requires for the spring work. There are about seventy acres ready to seed at the school. The Principal is very desirous of having these implements. The new land being rough a spring tooth harrow would be the best implement he could use in breaking it up. I would be glad if the Department could authorize the purchase of these implements. I have not been able to get very up to date prices on them but as nearly as I can get the two implements would cost in the neighborhood of \$240-00. Kindly advise me at your earliest convenience.

I have the honour to be, Sir,  
Your obedient servant.

Ottawa.

Sir,

The Heating Contractor has finished his Contract; I have tested the work and find it very satisfactory. The whole school buildings (including Laundry, Chapel, and Basement,) can be kept uniformly heated at 65 to 70 degrees with only 12 lb of steam shown on glass, (when the thermometer outside registers 25 degrees below zero).

The Plumber will finish next week.

The Laundry machinery has not yet arrived, neither have I received instructions Re electrical fixtures.

No of men employed during the week - 4, viz: Foreman (Carpenter) / Painter / Plumber and 1 Heating Engineer

Ottawa, February 21, 1923.

Sirs,-

In reply to your letter of the 12th instant in which you request payment from the Department ~~for machinery for the~~ Stuart Lake Boarding School building, I have to request that you will state whether you have complied with the requirements of official letter of the 18th November in which letter you were asked to forward your account in duplicate to Mr. Morley, Inspector of Construction for the above mentioned building.

I may say that <sup>in</sup> the last letter which the Department received from Mr. Morley and which is dated the 3rd February, he reported that the laundry machinery had not arrived. I may say further that until the Department receives your account certified by Mr. Morley payment in your favour cannot be made, but no doubt as soon as the machinery referred to is received at the school a voucher in your favour will be forwarded provided that the machinery is satisfactory. No time will be lost by the Department in making payment in your favour upon receipt of a certified voucher.

Your obedient servant,

J. D. McLean  
Asst. Deputy and Secretary.

ALSO  
TO DATE OF THIS LETTER

P. O. Box 775

Victoria, B.C., 15th February, 1923.

*[Handwritten signature]*  
Sir:-

*No*  
*R122*  
Some time ago I received an application for drugs from the Principal of the Fraser Lake School and attached to the same was a request for an electric table stove made by the Canadian General Electric Company, Ltd., No. 132444, T.S.5 with switch on page 410 of their catalogue. Wattage 660, lbs. 6, price \$9.00. Equipped with standard range burner, and has the same heat retaining features with insulating brick underneath, 5 inches high, with a 6½ inch efficiency insuring a hot cooking surface. May be attached to any 660 Watt lamp socket and is furnished with attachment plug and 7 feet of flexible cord, No. T.S.53, three heat finished. This was for use in the infirmary for heating water, medicines, etc. but I did not supply the same on account of advice given in your letter of the 7th April last, File 153-1-12, with regard to the application for electric irons etc. at the Sechelt School, in which you said that the electric lighting system as installed at that school was designed for lighting only and the use of any electrical apparatus, such as irons and cleaners, would not be allowed by the Department. I do not know whether the system put in at the Fraser Lake School is the same as at Sechelt but if it is, the same argument would apply in this case.

Will you kindly consult with Mr. Orr on this matter and if the system will carry an extra load for heating this stove I would suggest that one be purchased and shipped to be school. None are obtainable in Victoria.

WLD/W.

Your obedient servant,

*[Handwritten signature: W. E. Ditchburn]*

Ottawa, Feb. 28, 1923.

Sir:

I have to acknowledge receipt of your letter of the 15th instant, No. 34-388 R., regarding the request made by the principal of the Fraser Lake Industrial School for an electric table stove, as manufactured by the Canadian General Electric Co. Limited, to be used in the infirmary for heating water, medicines, etc.

In reply I beg to say that the electric lighting system at this school is designed for lighting purposes, only, and the use of any electrical apparatus, power for which is to be supplied from the lighting system, cannot be allowed. We are therefore not prepared to authorize the purchase of the electric table stove, as requested by the principal.

Your obedient servant,

J. D. McLEAN

Sir:-

I beg to advise you that I have received a letter from Rev. Father Coccolo, Principal of Fraser Lake Industrial School asking if the Department will furnish seeds; both field and garden, to plant on the prepared land around the school amounting to about seventy acres in all. The various seeds required and quantities are enumerated herewith and would cost approximately \$264-00. The list is here given:-

*1st year*  
*Oct.*  
*after from*  
*farm raising*  
*Rd.*

- 50 sacks of oats.
- 4000 lbs potatoes.
- 200 lbs timothy.
- 100 lbs broom grass
- 25 lbs alfalfa
- 25 lbs sweet clover
- 500 lbs spring rye
- 5 lbs. mangel wurzel
- 200 lbs onion sets
- 3 lbs onion seeds
- 1 lb cabbage
- 2 lbs carrots
- 2 lbs parsnips
- 4 lbs rutabagas
- 1 yellow turnips
- 1 lb. lettuce
- 3 lbs raddish

The grasses are for seeding down with the oat crop.

As stated this would cost in the neighborhood of \$264-00. Kindly advise at your earliest opportunity if the Department will supply these seeds to the school. I have the honour to be, Sir, Your obedient servant,

Ottawa, Feb. 28, 1923.

Sir:

I have to acknowledge receipt of your letter of the 21st instant, requesting to be informed as to whether the Department will approve of your purchasing the quantity of seeds mentioned in your letter, for field and garden purposes at the Fraser Lake Industrial School.

In reply I beg to say that, as this is a new school, and the farm and garden work will be undertaken for the first time this coming spring, the Department will authorize you to purchase a quantity of seeds of various kinds, as per list given in your letter. The total cost should not exceed your estimate of \$264. Before making the purchase, it will be necessary to obtain competitive prices, if possible, and the seeds should be bought from the firm quoting the lowest price.

The principal should understand that, in paying for these seeds, exception is being made to our general rule. <sup>in</sup> future, it is expected that expenditures of this kind will be provided from the receipts of the farm or from per capita grant.

We will also approve of the purchase of a seed drill and a spring-tooth harrow, authority for which was requested in your letter of January 29, last. The expenditure for this purpose should not exceed your estimate of approximately \$240, and you will please obtain competitive prices before these articles are procured.

When the above supplies have been purchased, you should forward certified vouchers, in duplicate, and attach an abstract showing the names of the firms asked to quote and the prices quoted.

Your obedient servant,

**CONDITIONS.**—Approved by Board of Railway Commissioners for Canada, under Order 162, dated March 30, 1916.  
It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cipher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.  
To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate; and, in that case, the Company shall be liable for damages suffered by the sender to an extent not exceeding \$200.00; due to the negligence of the Company in the transmission or delivery of the telegram.  
Correctness in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding one thousand miles, and two per cent. for any greater distance.  
This Company shall not be liable for the actor omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.  
No employee of the Company shall vary the foregoing.

## INDIAN OFFICE

At Fort Fraser, B.C.

March 21st.. 1923.

581095

Sir:-

I beg to inclose herewith certain letters which I have received for scrutiny from Rev. Father Coccolo, Principal of Fraser Lake Industrial School. He has found since taking charge that certain improvements are necessary to better equip the Institution for the purpose for which it was intended. He makes a request for stables and barn, storage-room and housing for hired help and also an auxiliary water supply. All of these additions are very necessary. The staff has found it very difficult to get storage accomodation for supplies necessary to feed the pupils and staff as all these have to be bought in car load lots.

You have already been advised about the condition of the well and the water supply so there is no use of me dwelling on that at the present time. The Barn, stables and accomodation for outside help are also much needed as the farming operations will every year become more extensive. Cattle and horses will increase in numbers and I would be pleased if you could see your way clear to make the necessary additions and improvements asked for by the Principal. I have not given an estimate as to the cost of these improvements as I have not had an opportunity of figuring them out closely but MR. Morley the Building Inspector is presently at the school and I have no doubt he could supply a very close estimate of costs if requested to do so.

I have the honour to be, Sir,  
Your obedient servant,

*H. J. W. Allen*  
Indian Agent.

The Secretary,  
Department of Indian Affairs,

J.D. McLean Esq.

Asst. Deputy and Secretary Indian Affairs.

Ottawa, Ont.

Sir,-

Being a long way from a good basis of supplies we have to buy our provisions by carload lots, to make finances meet ends. For this we need storage space, which we can not find in the school building.

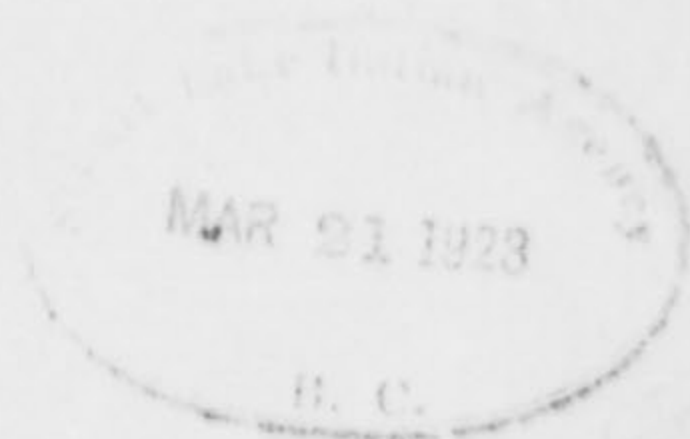

We need also room for farmers, trade instructors, outside workmen etc.

*Nothing this year*  
The hired men of to-day, as everybody knows, look for real comfort as well as for high wages. A building accomodating at least four people on the upper storey, and, in the basement, room for storage and shops for trades, is indispensable. An institution like ours would be incomplete without it.

Your obedient servant,

*A. Coccola*

Principal.

Fraser Lake. B.C. March the 19th 1923

J.D. McLean Esq.

Asst. Deputy and Secretary Indian Affairs,  
Ottawa, Ont.

Sir,-

I beg to direct once more your kind attention to the great question of the water supply for this institution. Much has already been written on the subject, so I will limit myself to some remarks.

We pump water from a well 160 feet deep, which gets exhausted after 2 hours of pumping, or, if not exhausted, then gives only muddy water. The pump filling up with sand and mud, has to be taken out for cleaning and the replacing of valves every two months. The winter fortunately has been the mildest known for the last 20 years, but such a work could never be done under a temperature of 30 and 40 below as we have it in ordinary winters. The supply of water is inadequate for domestic purposes. What would I say for fire protection? How could we ever expect to have a garden without possible irrigation? I consider it unwise to re-open the school after the summer holidays without a better supply of water.

There is a spring at the foot of the hill about a mile from the buildings and about 60 feet higher than our roof. We watched this spring all winter. It never froze and the flow never got less. I believe the flow of water, which at present is  $1\frac{1}{4}$  of an inch, could be increased with little work.

Your obedient servant,

*H. Coccolia*  
Principal.

Fraser Lake. B.C. March the 19th 1923.

J.D. McLean Esq.

Asst. Deputy and Secretary Indian Affairs.

Ottawa, Ont.

Sir,-

When I took charge of this school in October last I exposed to the Department that the most wholesome food for children is plenty of good milk.

We have secured half a dozen of good milk cows for this purpose and we intend to buy some more.

The stable the boys built with the foreman is too small and inconvenient for the proper care of the stock.

We have bought new teams for the farm, but no accomodation for all this stock.

We need barns to store the feed. Hay left outside in a country like this, of 7 months of snow, loses of its quality. A cellar where we can go in, in winter as well as in summer, is needed for the proper care of the vegetables, or we expose ourselves to have everything frozen in opening up outside cellars with 40 or more below zero, as has happened this year, no matter how much care we took. Hence the need of good stables

Your obedient servant,

*H. Coccola*

Principal.

INDIAN OFFICE

At Fort Fraser P.O.

March 22 1923

Sir.-

581114

Referring to my letter of Feb 21 requesting permission to purchase certain field and garden seeds for the Indian School at Fraser Lake and estimating the cost of same at about \$264.00 I beg to advise you that the estimate was in error as I inadvertantly ommitted to include the cost of the oats which would bring the estimate up to \$400.00. The error was not discovered till yesterday when I was opening tenders for these seeds. After a conversation over the phone with the School principal I ordered all the seeds as listed in my letter of Feb 21st as the lowest tendrer based his figures on a car load rate. The Principal at the School intimated to me that unless I could make arrangements with the Department to pay the whole cost of the order he would assume the balance over \$264.00-the amount authorized in your letter of Feb. 28 NO 163-1-5 which means that the account for oats would be rendered to him and not to the Department. However I am loth to have the school suffer through an error of mine and I would be very much relieved and pleased if the Department would Kindly consider the matter and advise me if they will assume the whole coat of the seeds. Please let me know at your earliest convenience.

I have the honour to be, Sir,

Your obedient servant

Sir,  
The tinamith is engaged making heavy smoke piping, 18 gauge, for connecting 3 H.P. vertical tubular coils, 20" in diameter, and 4 feet high, also stove in Drying Room (sent with Laundry Machinery) I am having these smoke pipes carried through the ventilating shaft thus availing the building of extra chimney in Laundry. This will also be of benefit in creating draft as well as saving expense, and allowing more room in Laundry.

I shall forward you plan showing position of Machinery &c when same is filed. The 6 H.P. Engine originally in the Engine Room is being placed in the Laundry to run that Machinery leaving the new 10 H.P. engine for lighting purposes only.

No of men employed during the past week 6 viz: Foreman 1 Painter 1 Tinamith 1 Engineer and 2 Labourers

Ottawa, March 15, 1923.

Dear Bishop Bunoz:

I have Your Lordship's letter of the 2nd instant, relative to the needs at the Fraser Lake Industrial School. I am pleased to inform you that provision is being made for a barn, and I have also asked for an appropriation for a supplementary water system.

I am grateful for Your Lordship's continued interest and cooperation.

Yours very truly,

Duncan C. Scott  
Deputy Superintendent General.

March 7th. 1923

Mr. Duncan C. Scott

Deputy Superintendent General, Indian Affairs

Ottawa.

580453

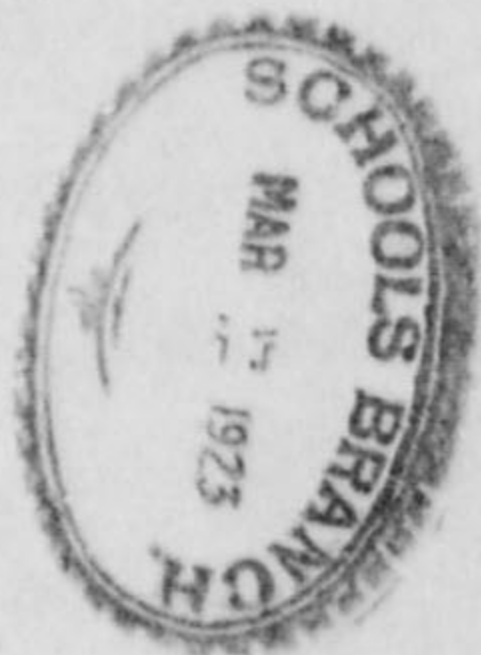

Dear Sir,

As the Estimates are now being prepared I beg to remind you of the necessity of a barn & stable at the Fraser Lake Industrial School. I feel quite confident that the Department has duly provided for that urgent need but I would further press the necessity of having that structure started early next Summer so that it may be used to store up next Fall's harvest and to shelter their cattle. A good deal of land around the school has been cleared and broken last year; it should yield a good crop this year.

And may I ask you at the same <sup>time</sup> what you think of the old project of piping the spring water from the foot of the hill to the school. It is now demonstrated that the spring has an even flow the whole year round, even under the most unfavorable conditions such as extreme cold and extremely dry Summer. It can provide an abundant supply of wholesome water to the school.

Yours very truly

Ottawa.

581097

Sir,

I have ordered the Electric fixtures, part from Marshall-Wells and part from The Canadian General Electric (selecting the lowest tenders.) When these fixtures are fixed, the Contract on Laundry and Chapel will be completed.

The fixing of Laundry Machinery and Dryer will be completed next week.

While the tinsmith is on the job, I am having a fresh air inlet-6" x 8" carried from the outside of walls of North and South sides of building into the Monitors Room (Boys & Girls side (first floor)) as the Monitors complain of insufficiency of fresh Air. I am having a grate fixed on outside wall, and a Register in the room. No of Men engaged during the past week 6 viz: Foreman, 1 Painter, 1 Engineer, 1 Tinsmith and 2 Labourers.

Your obedient servant,

Myles Morley.

Inspector of Construction.

Ottawa, Mar. 31, 1923.

Sir:

I have your letter of the 21st instant, enclosing communications from the Rev. Father Cocco, Principal of the Fraser Lake Industrial School, in which he asks for barn and stable accommodation, a supplementary water supply, a store-room and a residence for male members of the staff.

In reply I beg to state that we are asking Parliament to provide funds for the erection of a barn and for the installation of a supplementary water system. Mr. Myles Morley has been asked to make a rough sketch of the barn desired, and, when it is received, plans and specifications will be prepared and a contract awarded, I trust, in the near future. We are also prepared to ask the Dominion Water Power Branch of the Department of the Interior to send an expert to the Fraser Lake Industrial School, for the purpose of making a recommendation relative to a supplementary water supply. I regret to state that it will not be possible to arrange for a storehouse or for outside residence accommodation for male members of the staff, at the present time.

Kindly inform the Principal of the nature of this communication.

Your obedient servant,

J. D. McLEAN

Ottawa, Mar. 31, 19

Sir:

I have your letter of the 22nd instant, with further reference to the purchase of a quantity of seeds for field and garden purposes at the Fraser Lake Industrial School. I note that the total cost in this connection will be in the neighborhood of \$400.

In reply I regret to state that the Principal will have to meet, from per capita grant, the expense over and above your original estimate of \$264. The account for oats should be made out to the school, should be paid by the Rev. Principal. Our funds for Indian Education are quite limited, and it is considered that we have dealt generously with the Fraser Industrial School in this matter. Kindly inform the Principal of this decision.

Your obedient servant

Dear Sir  
Your letter dated March 16<sup>th</sup> to hand.  
Re: Small Barn for the above School. I should have  
answered your letter earlier but have been waiting to  
consult with the Rev Principal who arrived today  
having been away for a few days. He informed me he  
had already written to the Dept asking for a Barn to  
house 12 head of cattle and a stable for 6 horses.  
He admitted they had at present only 3 head of cattle  
and 4 horses, but is increasing his stock to the above number.  
I am enclosing rough sketch of floor plan for the  
above number of cattle. You will observe I have shown  
stable and Barn in one building. Should the Dept  
think the accommodation asked for is too much, you can  
shorten same, accordingly.

My reason for showing long  
side of building parallel with front of school, is from  
an economical point of view, as the ground rises from  
front of main building to back of Laundry over four feet.

It is necessary to go down at least 3 feet for footings,  
owing to the frost in this part of the country. It is  
advisable to make the ground floor storey, concrete wall  
with brick veneer for hay loft. A wooden structure  
would be useless in this part of the country.

On the  
plan you will observe I have shown a liquid tank  
(at the end furthest from the main building and well.)  
Into this tank will empty a six or 4" vertical pipe  
with 2 connections from centre of barn and 2 connections  
from stable. The overflow from said tank I suggest  
connecting to drain from boiler room. ~~A wooden structure~~  
~~would be useless in this part of the country.~~ Re bupola  
The winter appears to have gone. Is it your wish  
that I get this work done at once? I see the new  
bell is already on the site.

Yours very truly,  
Myles Morley.  
Inspector of Construction.

163-1-5.

Ottawa, April 6, 1923.

Dear Sir,-

*W. J.*  
It is the intention of the Department to proceed this year with the installation of a reliable water supply system at the Fraser Lake Industrial school for both domestic use and fire-protection. Would it be possible that one of your Officers in that district would investigate this matter for this department and furnish me with a report and estimate of cost of this improvement. This system should provide, also, for the possible irrigation of the school garden.

Your obedient servant,

*J. D. McLean*  
J. D. McLean,  
Asst. Deputy and Secretary.

To  
The Secretary  
Dept of Indian Affairs  
Ottawa

581463

Sir

Under separate cover I am sending Messrs Meyer Bros for Laundry Machinery & I am pleased to say everything works satisfactorily.

The Sisters and girls used same today for the first-time, and the former expressed their satisfaction.

I am pleased I used the 6 H.P. engine which was replaced by 10 H.P. engine for electric plant as in so doing it gives an ideal Laundry and Electric plant.

The Electrical fixtures for Chapel have not yet arrived when same are fixed the Contract will be completed.

No of men employed during the past-week 5 viz. Foreman, Engineer, Painter, Insulator & one Labourer.

Your obedient servant  
Myles Morley  
Inspector of Construction

DYERS AND CLEANERS SPECIALTIES

TORONTO January 24, 1923.

Mr. Myles Morley, C. E.  
%New Indian Boarding School,  
Fraser Lake, B. C.

Dear Sir:

You can lay your floor and when the Washer and Extractor arrive line your machines up, mark your holes in the concrete, remove the machine, dig out the holes in the concrete about 1" in diameter, place the machine back and use about 1/2" or 5/8" Coach Screws about 8" long and fill up with hot lead to line up properly with machines. Otherwise this is a very difficult proposition but you will find this very simple and I am sure that you will have no difficulty.

We are mailing you one of our catalogues, under separate cover.

Yours very truly,

MEYER BROS.

The Secretary  
Dept of Indian Affairs  
Ottawa

581674

*Ans. 163-1-5*  
Your letter dated March 24<sup>th</sup> to hand with  
Fairbanks Moroses bill for 10 H.P. Engine enclosed.  
On receipt of your letter dated November 17<sup>th</sup> 1922. I  
consulted with the Engineer here, who is a Certified  
Engineer with long experience. After comparing  
Engines in various catalogues, I thought it a waste  
of time to ask for competitive prices, for the following reasons:  
(1) Fairbanks Morse has only one price.  
(2) Already there are 3 Fairbanks Morse engines in  
use here, and in case of breakages, it is easy to  
duplicate parts, which is a big consideration in  
a big consideration in this country, so far from a city.  
(3) Fairbanks Morse Engine is most reliable and guaranteed.  
(4) Their prices were lower than those in other catalogues.

I wrote Messrs Mayers Bros, Toronto, asking them to  
send me a Catalogue showing the machinery which  
the Dept had ordered, at the same time I asked  
them for a sketch of Extractor and Washer, showing  
exact position of holes in base, in order to fix the rods  
in position in the concrete bed (when laying same).  
I enclose their reply. I may state the Catalogue  
sent by them did not show the machinery specified.

However, I was able to borrow a Canadian Laundry  
Machinery Co. Catalogue, from a friend.  
I am pleased to say the machinery is up to specification  
in every detail.

Mayer Bros wired me as follows  
January 12<sup>th</sup> 1923

Wire us if you have high pressure steam 60 or 70 lbs  
in New Indian School Graser Lake Mayer Bros  
Toronto

Indian Affairs. (RG 10, Volume 6444, file 881-5, part 2)

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA

POOR-COPY

I replied as follows

January 14<sup>th</sup> 1923

Have not high pressure steam, we are working to a maximum steam pressure of five pounds

Morley  
Government Inspector  
Indian School Fraser Lake

On arrival of the machinery on Sunday February 4<sup>th</sup> 1923 I found they included a 3 H.P. vertical tubular boiler fitted with 19 - 1 1/2" tubes 30" long - safety valve to blow off at 100 lbs with 3/8" Serberthy injector, strength of plate 55,000 lbs. The same is a great acquisition and is working satisfactorily.

On arrival of the machinery and being able to see what fittings (shafting etc) were required. I wired Fairbanks Morse to send 10 H.P. engine at once.

The wire thus averting further delay and expense.

My one thought was economy together with efficiency.

I trust this explanatory letter will be to your satisfaction.

Your obedient servant,  
Myles Morley.  
Inspector of Construction

Your file No. 163-1-5 April 16th. 1923.

582382

Sir:- Referring to your letter of March 31st. and in the matter of the water supply at the Fraser Lake Indian School I note that you are endeavouring to have an expert from the Dominion Water Power Branch to come to the school and make an examination of the water supply with a view of making recommendations. I would be very pleased if you would have this visit of the expert arranged for at an early as date as possible as there are grievous complaints coming from the school in regard to the water supply. I quote an extract from the Principal's letter dated April 14th. regarding this matter, and you will be able to judge that the situation is really getting serious.

" We have no water in the well. This means  
"that we have to keep our horses busy hauling water  
"from the lake and this means also that instead of  
"doing the work in the field, which I intended  
"starting this week, we shall have to use the horses  
"to haul water. What this means for our crop of this  
"year you will understand.

Kindly take this matter into your consideration with the view of having the expert to come out as quickly as possible.

I have the honour to be, Sir,  
Your obedient servant,

37<sup>th</sup> Weekly Report:

To,

The Secretary,  
Dept of Indian Affairs,  
Ottawa.

582455

Sir,

Under separate cover I enclose account from Marshall-Wells, also the Canadian General Electric Co Ltd Re Electric light fixtures. You will observe I noted your request and kept down the cost of fixtures. The Principal assisted in the selection of same. I

also enclose Fairbank Morse Co for Laundry and Electrical equipment. I have gone carefully through this account and find the full trade discount has been allowed in all cases. I should have submitted

these accounts before but I wished to make certain that everything was satisfactory and in perfect working order.

The Contract is about finished and I am awaiting your further instructions. No of men employed during the past week 4 viz: Foreman, 1 Painter, 1 Electrician, and 1 Labourer.

Sir,

Under separate cover I am forwarding  
estate plan.

I am fixing the pegs for play  
grounds, Drying ground, also boundary pegs on  
Western boundary. This boundary line I  
have fixed from information supplied to me  
by Mr. Allen, Indian Agent.

Will you  
kindly forward me three blue prints of above  
plan? One each for the Res. Principal, Indian  
Agent, and Self.

I am awaiting instructions Re  
Barr, Water Supply, and Cupolas, having not  
received a letter from the Dept since the one  
dated March 28<sup>th</sup> 1923.

Ottawa, May 18, 1923.

Dear Sir,-

Replying to your letter of the 10th inst., with reference to the work now going on at Fraser Lake School, I beg to thank you for the plans of the lay-out of the laundry, and also the ones showing the location of the buildings on the property. As requested, I am sending you under separate cover three blue print copies of the estate plan.

With reference to the barn, plans and specifications are being prepared here, and tenders will be invited in the near future for this building. As to the water supply and cupola, no action will be taken at the present time.

I would ask you to make arrangements to complete your work at Fraser Lake by the end of this month. The Department appreciates the services rendered by you at this school, and if an opportunity arises where your services can be utilized by the Department, you will be communicated with.

Your obedient servant,

*J. D. McLean*

EXTRACT FROM REPORT OF MR. R. H. CAIRNS, DATED  
APRIL 23, 1923, ON THE FRASER LAKE INDUSTRIAL SCHOOL.

Original on File #285754-6.

DAIRYING:

No butter was made during the year, as whole milk is served for breakfast. There is really not enough milk for the children. This school should have more cows than it has at present.

*Work in hand  
this is O.K. now  
R.H.C.*

FIRE PROTECTION:

There are standpipes and hose provided on every floor with a fire tank in the basement, also fire extinguishers in nearly every room. However, the inadequate water supply makes the fire protection very uncertain

Sir. I have, together with Principal and staff, made a thorough investigation, in order to ascertain the cause of the fire but without success. Thinking the electric wires might have been damaged, I made an examination of same but find they are in perfect condition. The damage consists of Cloak Room burnt out, including borrowed light and doors. Windows in Glass Room all cracked or broken. Plaster in Glass Room, Halls, and 1 Staff bed room in bad condition, and the majority will have to be taken down. 8 feet of slate board destroyed. Wainscoting in Class Room, Lavatory, Halls burnt & blistered.

Fortunately, there was a good supply of water, and everyone worked well to get the fire under, to prevent the fire spreading further. I notified Mr. McAllen at once, but find he is out of town.

Yours obedient servant

Ottawa, June 13, 1923.

Sir:

I have your letter of the 30th ultimo, in which you ask the Department to supply a wagon and set of harness for the Fraser Lake Industrial School.

In reply I beg to state that the Department will approve of the purchase of the second hand wagon referred to in your communication, at a price of \$165.00. It is understood that this equipment, when new, cost \$225.00. This is a somewhat irregular procedure, but the Department has every confidence that this wagon is the type desired and will be entirely satisfactory for the school, or we would not give you the authority.

I regret that it will not be possible for the Department to grant the set of harness. Please instruct the principal that it should be purchased from school finances.

Your obedient servant,

J. D. McLEAN

Ottawa, June 13, 1923.

Memorandum:

The Purchasing Commission of Canada.

This Department requires for the use of the Fraser Lake Industrial School in British Columbia a farm wagon. The Indian Agent at Fort Fraser, when recommending that authority be given, intimated that a fairly new wagon with box, which has been used but twice and is in excellent condition, can be secured by him at a cost of \$165.00. Our representative informs us that this wagon, when new, cost \$225.00. I shall be pleased to have your Minute number covering the purchase of this slightly used equipment.

R37.

Return to Miss Tench.

74-42B.

Ottawa, June 9th, 1923.

Gentlemen,-

In reply to your inquiry of the 29th May, last, I beg to say that cheque No. 889 for \$292.69, recently sent you, was issued in payment of your accounts as follows,-

| <u>No. of Voucher.</u> | <u>Value of Goods.</u> | <u>Cost of Freight.</u> |
|------------------------|------------------------|-------------------------|
| T.1409                 | \$ 7.00                | \$1.75                  |
| T.2452                 | 144.23                 | 27.67                   |
| T.2397                 | 56.64                  | 4.85                    |
| T.3035                 | 3.00                   | .75                     |
| T.4037                 | 34.33                  | 11.93                   |
| T.4191                 | .54                    |                         |
|                        | <hr/>                  | <hr/>                   |
|                        | \$245.74               | \$46.95                 |
|                        | Total . . . . .        | \$292.69                |

The correct amount of your invoices is \$245.74, not 245.81, as mentioned in your letter, and the freight charges amount to \$46.95. This no doubt will account for the discrepancy in amounts to which you have made reference.

Yours truly,

Accountant.

Gentlemen:-

We are in receipt of your cheque #889 A-20  
for \$292.69, in payment of our files T-1409, 2452, 2297,  
3035, 4037 and 4191.

According to our ledgers the items covering  
these files amount to only \$245.81, there being therefore  
an unaccounted for balance of \$46.88.

We have not been able to ascertain just what  
item this is intended to cover, and would ask you to kindly  
furnish us with the particulars so that we might keep the  
account in order, and oblige.

Yours very truly,

THE CANADIAN FAIRBANKS-MORSE CO.  
Limited.

P. A. FORSTER.

*See wagon only R.J.T.*

Sir:-

I beg to advise you that I have received the attached letter for perusal and to forward to the Department. I beg to say in support of the application for wagon and harness that the O.M.I. Mission here has been under very heavy expense clearing up the eighty acres of land which they have under cultivation. It is safe to say that it must have cost them \$30-00 an acre to put it under cultivation. Under these circumstances I would be very pleased if the Department could see their way clear to give the wagon and harness to the school. I might say that I priced a fairly new wagon with box, very suitable for the purpose at \$165-00. This wagon when new costs \$225-00. I think it has only been used twice and is in excellent condition. A new double set of harness would cost with collars complete about \$85-00, making a total of \$250-00 for the wagon and harness.

I would be pleased if the Department would take this matter into their consideration and advise me as to their decision in the matter.

I have the honour to be, Sir,  
Your obedient servant,

*W. J. M. C. A.*  
Indian Agent.

May the 21st 1923.

J.D. McLean Esq.  
Secretary of Indian Affairs.  
Ottawa. Ont.

Sir,-

I beg to bring to your attention the fact that we have already seeded eighty acres, and are still preparing more ground. If the season is not a dry one, we shall have an abundant harvest, and then we shall need, and badly need, a new wagon. The wagon and harness we use now have been bought from a trader, and are both falling to pieces and not dependable any more. This wagon and harness were bought before the opening of the Institution. As we have many expenses in connection with the clearing and fencing of new land, I would be very much obliged to you if you would supply us with a new wagon and harness, the harness to be a farm harness. The wagon I would prefer would be a wagon with 2 1/2 inch tire, complete with box, brake, and seat.

Your obedient servant,

*H. Coccola*

Principal.

Ottawa, June 6, 1923.

Dear Sir,-

I beg to confirm the telegram sent you to-day, as follows :-

" Reference fire Fraser Lake School, remain  
" and carry out necessary repairs by day labour.  
" Letter following."

It is noted from your telegram, that approximately \$1,500.00 worth of damage has been done by a fire to Fraser Lake School, and that you are writing fully regarding this matter.

As intimated in the telegram, the Department wishes to retain your services for whatever time is required to carry out the repairs needed. You may therefore proceed at once with the necessary repairs, by day labour.

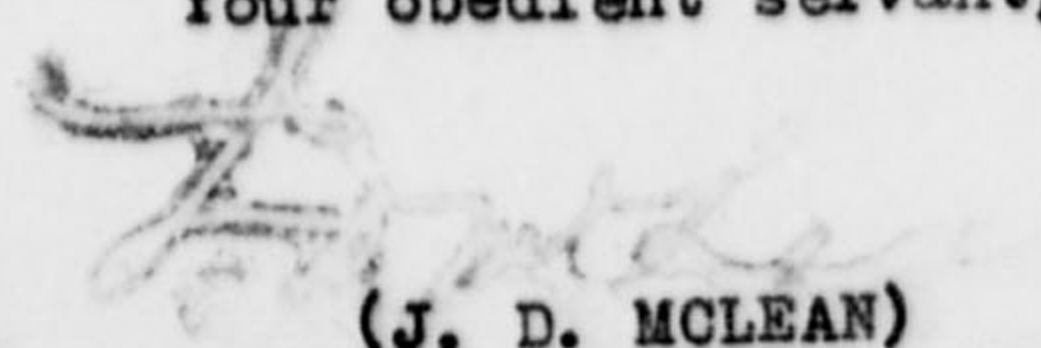

In the employment of labour time sheets should be kept and forwarded to the Department, showing the number of hours worked and rate paid per hour. Sheets for this purpose are being sent you under separate cover.

In the purchasing of all materials, you should obtain competitive prices and place the order with the firm quoting the lowest price. When forwarding vouchers for payment to the Department, a memorandum should be attached showing the prices obtained and the names of firms asked to quote.

If you will make an application to the Department, funds will be sent you for the payment of labour.

Your obedient servant,

  
Myles Morley, Esq.,  
Inspector of Construction,  
New Indian Bdg. School,

Fort Fraser June 7/23

Sir.-

I beg to notify you that on my return to headquarters on the 6th I found a letter from Rev Father Coccola, Principal of the Indian School at Fraser Lake also a telegram from Mr Morley, Government building inspector, notifying me that at 2.30 on the morning of the 3rd a mysterious fire had broken out at the school, was subdued in an hour and a half after doing damage to the building amounting to roughly twelve or fourteen hundred dollars.

I went up to the school on the afternoon of the sixth examined the damaged part and made what investigation I could. The fire occurred in a small room near the west end of the building on the main floor. This room had been used as a sacristy to hold vestments etc used in connection with the services held in the large class-room (temporary chapel) in the S.W. corner of the building on the same floor. The doors of the two rooms are opposite - the main hallway dividing them.

The contents of the room were, vestments mostly hanging on the west wall, one box of candles and one box containing duster cloths mostly more or less oily. Both these boxes were on the floor. The candles were melted into a mass by the heat but had not burned. The duster cloths had been in use on the afternoon of the day previous to the fire.

No night watchman has been employed for the last two or three months.

His Lordship Bishop Buno passed the door of the room, which was open, at 12.30 A.M. or two hours before the fire was discovered and saw no fire and smelt no burning.

Spontaneous combustion did not cause the fire in my opinion. There were no defects in the electric wiring as, I am advised it stood a satisfactory test after the fire. The Principal declares it was impossible for any of the children to reach this room at night from the dormitories. It is almost a certainty that none of the staff were in this room after midnight.

The outside doors are never locked and my opinion is that some one from the outside was prowling about the hallway and either by accident or design threw a lighted match into the box of dusters or among the vestments.

Mr Morley and myself have insisted on a night watchman being put on at once and I have urged upon the Principal the necessity of having all outside doors locked securely at night.

I would suggest a searching enquiry to place responsibility for the fire that protective measures may be taken for the future. Kindly advise in this matter.

I have the honour to be, Sir,

The Secretary  
Department of Ind. Affrs

Ottawa, July 3, 1923.

Sir:

I have to acknowledge receipt of your letter of the 18th ultimo, regarding the erection of a cottage for the engineer at the Fraser Lake Indian Boarding School.

In reply I beg to say that the Department will approve of an expenditure not exceeding \$300.00 in the purchase of material to erect the building. You may, therefore, arrange to purchase material to the above amount. Competitive prices should be obtained, if possible, and properly certified vouchers, in duplicate, should be forwarded, accompanied by a memo showing the names of the firms asked to quote and the prices quoted. It is understood that the work of putting up the building will be performed by the older boys and staff, under the charge of their foreman, without any cost to the Department for labour. The house is to be erected on the school property, on a location and of a design that will not detract from the general appearance of the school building.

Your obedient servant,

J. D. McLEAN

163-1-5

Fort Fraser, B.C.

June 18th. 1923.

585325

Sir:-

I beg to advise the Department that I have received the following letter from Rev. Father Cocco, O.M.I., Principal of the Fraser Lake Indian Industrial School asking to be supplied with material to build a house for Mr. Allan the engineer at the school.

"We have an engineer, Mr. Allan, who has not only the certificate required for the running of the boilers, but who is a first class mechanic and a first-class electrician. This Mr. Allan is married, but his wife is forced to stay in Prince George, as there is no room in the school for them. He has stood this single life since November 1922, but he declares that he cannot go on any longer, as the expenses are too great, and by consequence he shall see himself forced to quit this institution, unless the means is found to accomodate him and his wife."

"What shall we do? Mr. Allan has helped to install all the machinery and by consequence knows them perfectly, also he understands thoroughly the handling of the triple expansion boiler which has been installed in the laundry and which demands a man of experience to handle it. We can get an engineer capable to look after the boilers, but what about the machinery in the laundry? therefore I again ask you to ask the Department to have a little house built on the premises, 18ft. by 20ft. with three rooms. If the Department furnishes the material, the boys under their foreman, will put up a house which will not disfigure the school. The estimated cost of the material will be about three hundred dollars."

In support of this application I would point out to the Department that there is between \$30,000.00 and \$40,000.00 worth of machinery of one kind and another at the school. There is a high pressure boiler and it requires a certificated man to look after all this. Mr. Allan is a very qualified man and has given great satisfaction but he is married and cannot maintain a home in Prince George and stay at the school. He has given notice to leave if accomodation is not provided so that he can have his wife with him. The cost of the material will be about \$300.00 and the labour will be mostly done by the school boys and staff. I would strongly urge the Department to give this request favourable consideration as it is a very difficult matter to get a qualified man to run the plant at the school who would be a single man and not require much room for living purposes. Kindly advise,

I have the honour to be, Sir,  
Your obedient servant,

*W. J. M. C.*

Indian Agent.

The Secretary,

Department of Indian Affairs,  
Ottawa.

WJMC/JHFL.

*Mr. Allan:-  
I would like to see Fraser Lake  
have a stage. What do you think of this scheme  
also, against the purchase of the school site.*

June 9<sup>th</sup> 1928

Weekly Report

To

The Secretary,  
Dept of Indian Affairs,  
Ottawa

Sir,

Your wire (Re fire at School) reached me on Wed June 6<sup>th</sup>.  
I went to Prince George on Thursday to order the material  
for repairing the building, also to get a Plasterer. I shall  
keep a strict account of all materials used, and wages paid,  
and forward receipts, at completion, to the Dept.

Mr Allen (Indian Agent) came here on Wednesday  
Afternoon, and after careful consideration, we decided  
it was advisable to have a night-watchman, as  
everything points to the building having been set on fire.  
Now that the loose plaster is being removed, it is plainly  
seen how fierce the fire was. Some laths in Class Rooms,  
Hall, and Toilets, are burnt away, whilst the cloak room  
is burnt out, including floor. I am ~~making~~ having this  
work rushed through and shall keep the cost as low as  
possible. The said work will be completed in about 4 weeks  
(four weeks).

Your obedient servant

Nyles Morley

Inspector of Construction

Report  
on  
Proposed Water Supply

Fraser Lake Industrial School  
Fort Fraser, B. C.

INTRODUCTION

Sir:-

I have the honor to inform you that in accordance with instructions contained in your letter of April 14th, 1923 I visited the Fraser Lake Industrial School situated near Fort Fraser, B. C. and examined conditions with reference to a possible water supply for the above institution to be used for fire protection and domestic purposes.

PRESENT WATER SUPPLY

The Fraser Lake Industrial School which is a three story brick veneer building 150 ft in length has recently been completed by the Department of Indian Affairs and obtains its present water supply by means of a pump operated by a gasoline engine and having a capacity of 5 U.S. gals. per minute. This pump delivers water from a 4" dia. well, 150 feet in depth to two steel tanks situated in the school buildings, these tanks have a combined capacity of 3000 U.S. gals. and are operated under an air pressure of approximately 40 lbs. per sq. in. This water supply is unsatisfactory for the following reasons.

- 1) The pump is of too small a capacity to supply sufficient water for the school needs.
- 2) The diameter of the well casing (4") is too small and the soil through which the well is driven (blue clay) is such that it is impossible to operate the pump for more than 4 hours at a time without exhausting

Indian Affairs. (RG 10, Volume 6444, file 881-5, part 2)

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA

00R-COPY

the water in the well and causing it to become cloudy and unfit for drinking purposes. When this occurs the pump has to be shut down and water allowed to seep into the well again before the process of refilling the tanks can be resumed.

3) The pump is of too small a capacity to be of any use in the event of fire and the only water supply available in case of emergency is contained in the two tanks whose combined capacity as stated above is 3000 U.S. gals.

POSSIBLE SOURCES FOR  
ADDITIONAL SUPPLY

The Fraser Lake Industrial School is situated near Fraser Lake and there are but 4 possible means of increasing the present water supply, as follows.

- 1) By means of an additional well to be driven in the vicinity of the school buildings.
- 2) By means of springs situated at a distance of approximately 1½ miles from the school.
- 3) By means of a well driven near the lake shore.
- 4) By pumping from Fraser Lake.

Of these 4 alternative proposals No.1 should not be considered on account of the formation of the ground the sub-soil of which is blue clay and in view of borings made when the present well was being driven it is doubtful if an adequate supply of water could be obtained by this means.

Proposal No.2 should not be considered in view of the fact that the total flow of the springs amounts to only 2000 U.S. gals. per 24 hours and this amount is not sufficient for the school needs. Moreover these springs are situated at an elevation of

Indian Affairs. (RG 10, Volume 6444, file 881-5, part 2)

**PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA**

POOR-COPY

approximately 100 feet above the ground floor of the school and at a distance of  $1\frac{1}{4}$  miles away. The transmission of water this distance without the use of a large pipe would consume most of the available head in overcoming friction losses, and sufficient pressure could not be obtained at the hydrants for use in case of fire.

For these reasons combined with others not mentioned in this report I would recommend that proposals No.s 3 and 4 receive consideration and that the installation be carried out as follows:-

- 1) That a test well be driven at a point marked A shown on the accompanying plan and that same be carried down to an elevation of at least 5' below water level in the lake, to ascertain if it is feasible to obtain a sufficient supply of water by seepage, to supply the school needs, without the installation of an intake pipe between the well and the lake. If when the well has been carried down a sufficient depth, water is found to flow freely into same, this well should be enlarged and a pump installed to supply to the school as is described later in this report.

Should it be found however that on account of the nature of the soil water will not flow freely from the lake into the well, I would recommend that this well be abandoned and that a second well 6' x 8' in size be driven on the rocky point shown on the accompanying plan and connected by means of an intake pipe with Fraser Lake.

The construction of this second well and intake pipe will entail considerable expense as it will necessitate drilling in rock and hard pan but this is the only point on Fraser Lake in the

vicinity of the Industrial School where an intake pipe can be placed at a sufficient depth to guard against freezing without incurring undue expenditure, on account of the shallow depth of the lake near the shore.

#### PROPOSED WATER SUPPLY

The proposed plant which will consist of the following machinery, 1 double acting pump having a capacity of 50 U.S. gals. per minute, operated by a 6 H.P. gasoline engine, will be installed in a pump house situated over a well either at point A or on the rocky peninsula which protrudes into the lake as shown on the accompanying plan.

#### PUMP HOUSE

The pump house will be constructed of two layers of timber with insulating paper between them and set on concrete foundations.

#### PIPE LINE

The pipe line from the pump house to the school buildings will be of woodstave construction approximately 1450 feet long and 4" in dia. and buried beneath the ground to a depth of 6 feet to prevent freezing.

#### HEAD

The total head that the pump will be required to operate against when discharging into the supply tanks amounts to 85 feet, equal to a pressure of 36.8 lbs per sq. in., but sufficient power has been provided to enable the pump to

deliver against a pressure of 100 lbs. per sq. in., which will permit of a supply of 50 U.S. gals. per minute being obtained under pressure at the hydrants in the event of fire.

COST

The total cost of the above installation will amount to \$4150.00 including purchase of machinery, installation of pipe, drilling of test well and construction of second well and intake pipe on rocky point if necessary.

RECOMMENDATIONS

In view of the above consideration I would hereby recommend that the proposed water supply be installed as outlined in this report and that the work be undertaken and completed before the end of September, 1923.

REMARKS

The above pumping plant when installed will supply the school with sufficient water for all domestic purposes and will permit of the gardens surrounding the school buildings being properly irrigated. In addition to the above, should an outbreak of fire occur, a supply of 50 U.S. gals. per minute would be available at the hydrants under a pressure of 60 lbs. per sq. in., as soon as the pump could be placed in operation.

DEPARTMENTAL CHECKER

163-1-33

Inspection Office

New Indian Industrial School

Fraser Lake B.C.

July 5<sup>th</sup> 1923

The Secretary  
Dep<sup>t</sup> of Indian Affairs  
Ottawa

586227

Sir,

Enclosed please find bills for materials and hauling from the following

A. P. Andersen. Prince George. \$358.83 ✓

R. Moncrieff. Vancouver " 110 -- ✓

Marshall-Wells Ltd. Edmonton " 43 51 ✓

L. J. Finnegan Fraser Lake " 8 50 ✓

also vouchers including my salary 520.84

Weekly wage sheets 659.80

1180 64

You will observe the repair work was completed yesterday July 4<sup>th</sup> the cost being \$1180.64

I am pleased to say I was fortunate in not having to send to the Coast for mechanics which meant a great saving. I did not get competitive prices I commenced the work as soon as I received your wire, ordering the material the following day.

It was necessary to begin the work at once in case the building had been weakened by the fire, and I was most eager to ascertain. Moreover to get competitive prices would have caused a delay of three <sup>weeks</sup>. I am very much in favour of competition, but in a place like this, being so far from a centre one has to do the best he can. I am confident - however the prices charged for material are fair and reasonable.

Everything is now finished and the Rev Principal (S. Boccola)

check date  
my despatch

has expressed his entire satisfaction.

Before closing this letter I wish to draw your attention to the fact that there<sup>is</sup> is fire alarm at the School which is a serious matter, however when the bell turret is erected the bell rope would pass through each corridor to the basement (as shown on Mr Oms plan of Cupola) and this method of alarm would be very satisfactory.

The fire hose on each floor should <sup>be</sup> 75 feet instead of 50 feet and it would be advisable to have four fire buckets on each floor (two at each end).

As I have <sup>not</sup> received word to the contrary from the Dept. I am leaving for Vancouver on Saturday next (July 7<sup>th</sup>) when I shall give Mr Moncreff his final Certificate for Laundry and Chapel.

I shall write the Dept from Vancouver

Your obedient servant  
Myles Morley

Gentlemen,-

I beg to return herewith an account submitted to the Department by you, for \$66.42, and would ask that you indicate on this account where the material referred to has been shipped.

It is impossible for the Department to consider these accounts unless it is at all times stated clearly where the articles have been delivered.

Your obedient servant,

586323

Sir:-

Referring to your letter of June 18th. No. 163-1-5, and in the matter of the fire which occurred at the Fraser Lake Indian Industrial School. I have made very careful enquiries and questioned all the parties who were at or near the fire on the morning of the 3rd. of June and I can come to no other conclusion but that the fire was caused by some party who was in the unlighted passage on the morning in question and threw a match either wilfully or by accident in among either the clothing and vestments or the box of oily rags that were in the room. I cannot entertain the idea of spontaneous combustion although Rev. Father Coccolo, Principal of the School maintains that the fire originated from spontaneous combustion from the box of oily rags. I very much regret the unsatisfactory nature of this report but I cannot arrive at any real definite conclusion in the matter. I have suggested to the Principal that all out-side doors should be locked every night and that no person whatever should be allowed to obtain admission to the building without permission from the inside.

I have the honour to be, Sir,  
Your obedient servant,

*W. J. M. Allan*  
Indian Agent.

The Secretary,  
Department of Indian Affairs,  
Ottawa.

INDIAN OFFICE

At.....Fort Fraser, B.C.....

.....July 9th.....1923.

Sir:-

586325

I beg to advise you that on Friday the 6th. instant I was called to the Fraser Lake Industrial School by Mr. Morley the Government Building Inspector who was leaving the following day as he had certain matters to discuss with me. He notified me that Mr. Moncrief the Contractor for the building had left in stock at the school the following:-

|     |                                                       |                   |
|-----|-------------------------------------------------------|-------------------|
| 190 | fire bricks . . . . .                                 | valued at \$19-00 |
| 6   | bags of fire clay - - - - -                           | " " 6-00          |
| 2   | bags of asbestos covering - - - - -                   | " " 2-00          |
| 1   | six inch pulley block and 150 feet of 1" rope         |                   |
|     | for use at the well - - - - -                         | " " 10-00         |
| 75  | feet of 1 1/2" rubber hose with nozzle and couplings" | " " 7-00          |
| 7   | wheel-barrows all iron - - - - -                      | " " 60-00         |

Mr. Morley asked me to represent to you that everything outside of the wheel-barrows is necessary for equipment at the school as all these materials are either in use or will be used in repairs and maintenance. I would recommend that the Department purchase these articles from Mr. Moncrief as equipment for the school.

The wheel-barrows are somewhat different. They are being used now by the Principal of the school in his farming operations or in gathering rocks and roots from the fields being cleared up and I would recommend that at least four of these be purchased, at an expense of \$10-00 per barrow or \$40-00 in all. The barrows are in good shape. I inspected them a few days ago. They originally cost \$22-50 each. I would be glad if the Department would sanction the purchase of the above material for use at the school. Kindly advise.

I have the honour to be, Sir,

Your obedient servant

Ottawa, August 31, 1923.

Dear Sir,-

Mr. Myles Morley has reported to the Department that there are no fire alarms in the Fraser Lake Indian Boarding School. I would ask you to purchase one hand-operated fire alarm gong for each of the floors except the basement; also to purchase four water buckets for each floor, two at each end of the corridors, the same to be kept filled with water.

At present the fire hose on each floor is fifty feet; an extra twenty-five feet is required which you should purchase together with the necessary couplings.

Please give this matter your immediate attention.

Your obedient servant,

DEPT. OF INDIAN AFFAIRS  
AUG 20 1923  
RECORDS

The Secretary,  
Department of Indian Affairs,  
Ottawa, Ont.

New Indian Boarding School, Fraser Lake, B.C.

Sir:

I have this day given to the contractor, R. Monerleff, his final certificate for Laundry & Chapel, also for the extra work carried out at the above noted school, viz:-

Outside toilets, which were a necessity when the school was without water (which happens each time the pump requires new washers or overhauling).

Stairs from back of chapel & chapel gallery. (in case of fire).

Alteration of electric lighting.

Fixing of laundry machinery, also 10.h.p. Gas Engine Gasoline tank and new heater in engine room.

Whilst awaiting instructions re Barn the carpenter was kept employed making the sorting, ironing & sewing tables & soap shelves (the cost of which you will observe was much less than the contractor's tender) also fixing borrowed lights in doors of basement corridor, the latter being very dark. All these were very necessary & I felt sure it would be the wish of the Department to have same done.

I am enclosing statement of wages account & transportation also copies of all bills paid by the contractor, the whole of which I have carefully checked according to your instructions as per your letter dated 30th. August 1922, & I trust you will find these in order.

You will note that the cost to the contractor of Laundry & Chapel exceeds by a small ~~margin~~ margin the amounts fixed by the Department. I have, however, given the final certificate for the amount allowed only & have advised Mr. Monerleff to take up the question of extra cost with the Department when applying for his commission on the work.

Trusting I shall have the honour of continuing my services with the Department of Indian Affairs, I am,

Your obedient servant,

*Myles H. Hordley*  
*I This Certificate would have been granted & signed but unfortunately I was ill when I reached Vancouver and have just finished checking same*

Gentlemen:-

Attn: Secretary.

In reply to your letter No. 163-  
1-5 of July 25th re account for \$66.42.

We would say that this item was  
for freight on our invoice T-2282 on February 8th  
for one 10-HP type 'Z' Engine shipped to the Fraser  
Lake Indian School. We might also say that we  
received a cheque in payment of the engine on April  
25th. We trust this is the information you require  
and will now be able to remit a cheque in settlement  
at an early date.

Yours very truly,

THE CANADIAN FAIRBANKS-MORSE CO.  
Limited.

To, The Secretary,  
Dept of Indian Affairs,  
Ottawa,

587937

Dear Sir,

Enclosed please find Voucher, Re-  
Expenses. (Final Certificate). I very much regret the  
delay in this matter, but have been unwell. I was  
advised by the doctor whom I consulted in Vancouver  
to come to Victoria to proceed to hospital, on being  
X rayed here it was found that I have two ulcers on  
the stomach, and I therefore expect to be confined  
here for three or four weeks.

Will you kindly  
address my cheque to Sechelt B.C. I have not  
to date received my June cheque for June.

I am  
Your obedient servant  
Inspector of Construction

Sir:-

Referring to the Estimates for the Fiscal Year 1924-25 which I am forwarding to-day, I am hereto attaching for your information a letter received by Agent McAllan, of the Stuart Lake Agency, from Rev. N. Coccola, Principal of the Fraser Lake School, in which he shows the necessity of a considerable expenditure in connection with that Institution. These items should be taken care of in the vote for Indian Education if the requests are to be complied with. Agent McAllan is of the opinion that they are greatly needed.

Fraser Lake. B.C. August the 6th 1923.

McAllan Esq.  
Indian Agent,  
Fort Fraser. B.C.

Dear Sir,-

With reference to the conversation which I had the pleasure of having with you yesterday, and in which you expressed the desire that I make known to you all the needs of this Institution, I beg to state the following.

WATER SYSTEM.

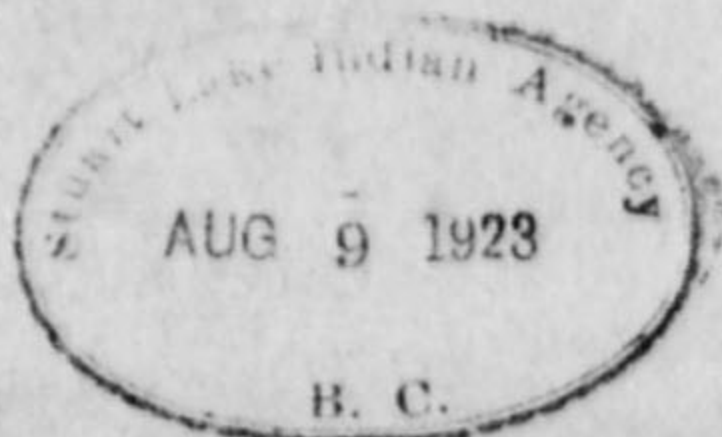

*Authentic  
Signed  
Sept 11/23*  
Our most pressing need is for an adequate water system. I do not need to refer to the voluminous correspondence which has passed between you and the school about this water question. May it be sufficient that I cite the words of the expert, sent by the Department, who pronounced our water system "a joke". It may be a joke, but the joke is on us, and especially in case of fire this system is absolutely and entirely insufficient, as the fire we had at the beginning of June has shown us, when the water supply gave out so quickly that it would have been impossible to check a more serious fire.

ACCOMODATION FOR WORKMEN.

Our second need is for accomodation for the outside workmen. The men at present are located in all kinds of corners and in places where they ought not to be put. Moreover they occupy rooms which we need for other purposes, as for instance the workroom of the boys. Then again it is not deemed advisable to always have the workmen from the outside mixed with the boys, for several reasons, in which I do not need to go in deeper.

ADEQUATE WORKSHOPS.

Our third need is for adequate workshops. At present there is one workroom which is occupied by workmen, as I have stated in the foregoing paragraph. This workroom is by far too small for the purpose for which it is made. It gives room enough for the cobblers and for the performing of some work which does not require much room, but it is absolutely inadequate for the teaching of one of the most important trades for boys, to wit, carpentry. This carpentry is one of the most useful trades which can be taught to the Indian boys, and at present it is impossible to teach it as it ought to be taught, for the lack of space.---The there is the blacksmithing and horse shoeing, which now have to be taught in a kind of shack, which I had erected out of the school grant, rather than to deprive the boys of the acquiring of this useful trade.---I would suggest that for economy's sake the necessary workshops be built under the housing accomodation for the outside workmen.

Indian Affairs. (RG 10, Volume 6444, file 881-5, part 2)

ARCHIVES PUBLIQUES  
CANADA

POOR-COPY

STABLING.

COWS.

Our fourth need is for stabling. A while ago I had a communication from the Department to the effect that Inspector Cairns had made the remark that the children did not get enough milk and butter. I wrote back to the effect that I was willing and ready to buy more milk cows, but that I did not see the possibility of keeping milk cows without having the necessary stabling accommodation for them. I may repeat this again: I am ready to buy all the milk cows that may be needed to give the children all the butter and milk they need, provided the Department furnishes adequate stabling for them. As a matter of fact I have already gone farther than that. I was so sure that the Department would see the justice of my demand and the need of stabling, that I have bought a number of she-stock, some actually milking, others to come in soon. How I am going to manage if the Department does not give stabling for them, I do not know, but I am quite confident that I shall have the help of the Department in this.---

HORSES.

Then there is the stabling for horses. You know very well, of course, that the per capita grant is not sufficient to give these children all they need, and that the farm must help out. To run a farm in a successful way, I must have horses. At present there are three teams, one of ponies, one of heavy work horses, and one team of very heavy, pure-bred draft horses. These animals will require stabling during the long winter, and you know we are entirely lacking in stabling facilities for these horses.

OUTSIDE RECREATION ROOMS.

A fifth need is the need of outside recreation rooms. As you know the winters are apt to be very severe, and it may happen that the children can not go and play outside for days, on account of the cold weather and the snow. Then they have to stay and play inside, and the recreation rooms we have now are not fit for this purpose. In the original plans and specifications the floors of the recreation rooms were to have been made out of asphalt. It seems that the Department changed this and that floors of cement had to be put in. The consequence of this is, that the dust in these recreation rooms is unbearable. To give the children the fresh air and the exercise they need, I would suggest the building of two big recreation rooms outside, say 30 feet by 50 feet, one for the boys and one for the girls. These recreation rooms could very well consist of nothing but one wall, (for certain games) and a roof, so as to admit as much sunshine as possible in winter. If the roof were a so-called French roof, this could be used as a hay loft, which would help out considerably. I shall gladly furnish the necessary gymnasium apparatus, so that the children can take exercises in summer and in winter, and that the school may be made more attractive to the children.

NOTE. The pump had to be taken out again to-day, after breaking down two times this last week. This means that on account of this defective water system we had to lose two days, and this in the busiest season of the year, the harvest season.

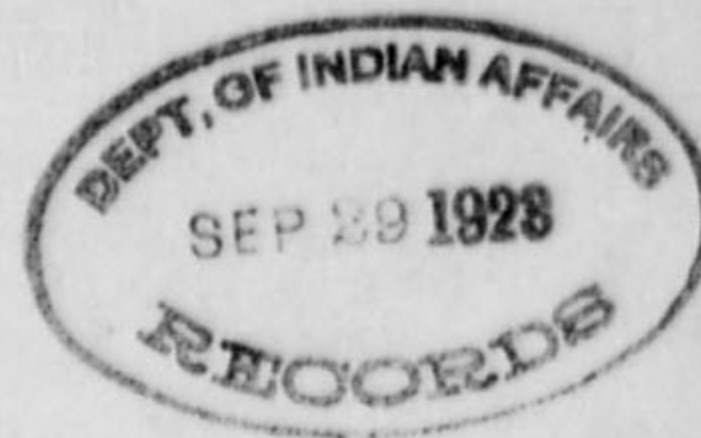

Yours sincerely,

*H. Coccola*

Principal.

Ottawa, September 27, 1923.

Dear Sir,-

I beg to acknowledge the receipt of your report dated the 13th inst., with reference to the Fraser Lake Indian Boarding School.

Arrangements have already been made with Mr. R. Moncrieff who was the contractor for the main building, for the installing of a complete new water supply system for this building, taking the water from the lake.

Regarding the need of more toilet accommodation in the building, this matter will be taken up with the Contractor.

Your obedient servant,  
*[Handwritten signature]*

Ottawa, September 27, 1923.

Reverend Sir,-

A report has been received from Inspector Pragnell in which he states that more toilet accommodation is required in Fraser Lake school, also that the grease trap outside the kitchen is not working properly, and that more sink accommodation is required in the kitchen.

With reference to these matters, I would ask you to please consult with Mr. Moncrieff who has recently been awarded the work of building the new water supply system, and obtain from him a price for the installing of ten additional closets and the necessary work required to remedy the other defects mentioned, and forward same to the Department.

When this information is received, the matter will be given immediate attention.

Your obedient servant,

(A. F. MACKENZIE)  
Acting Asst. Deputy and Secretary.

SPECIAL REPORT RE FRASER LAKE SCHOOL

2  
1  
Sir:

I beg to submit report of my inspection of the above named Institution.

In company with the Agent, Mr. McAllan and the Principal, Rev. Father Coccola, I went thoroughly over the building. I found a good many things that should be altered or rectified, but am only submitting the most important of these. The two outstanding points are:

1. A totally inadequate supply of domestic water.
2. Toilet accommodation not nearly sufficient.

Both these points are most important from the sanitary point of view, the first one having the additional point of safety from fire, to be considered.

Attention  
Loreau  
R.R.  
The present supply of water, as you already know, is drawn from a well of such a constitution of soil, and such a depth that it has its source in seepage from Fraser Lake. When water to any extent is pumped from same it runs dry, and they have to wait for it to fill again. The consequence is that the supply is constantly short, and in case of fire the building would undoubtedly be inadequate. The water for drinking and washing purposes, is always full of sediment. Finally I might also point out that between the well and its source, Fraser Lake, is situated the overflow from the sewerage tanks. Looking at the matter, therefore, entirely from an unprofessional point of view, my opinion is that the water supply should be taken from Fraser Lake. Why this was not done in the first instance I cannot conceive, except for the reason I am informed, that for his own convenience, the contractor builder sunk this well. Probably in the making of bricks and concrete, the supply was adequate, nor would sanitary consideration be of importance.

I understand that a report by Mr. Tredcroft has been submitted to you on the matter. I have examined the plans and suggestions, and strongly recommend that this work be undertaken as soon as possible. In fact so seriously do I look on the matter that I am inclined to advise the closing of the school until the said system of supply is rectified. I would like to point out the grave scandal that might arise should an epidemic of typhoid break out, and be attributed to this, possibly falsely. It would also lead to endless trouble among the Indians themselves, and greater difficulty than at present in getting their children sent to school. Again should loss of life occur through fire, uncontrolled through want of water, there might be very unpleasant enquiries.

The Assistant Deputy & Secretary,  
Department of Indian Affairs,  
OTTAWA, Ont.

Indian Affairs. (RG 10, Volume 6444, file 881-5, part 2)

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA

POOR-COPY

Sept. 13, 1923.

Regarding point 2, toilet accommodation, I wish to point out that at least twelver (12) more water closets should be installed in the building. There is already room for them in the toilet rooms. I am given to understand that night stools, etc., have to be used now, to supplement the toilet accommodation. This is a dangerous method, but unavoidable as long as the water closets are not of sufficient number.

Minor, though at the same time, important points, that I wish to bring to your attention are as follows:

1. Grease trap
2. Workshops
3. Washing up arrangements in kitchen.

No. 1. The grease trap just outside the kitchen has never been completed. It has now got only an old ill fitting wooden cover. It should have an iron airtight cover. As it is, it is simply a place where flies congregate in millions, and as it adjoins the kitchen windows and entrance, it is impossible to keep food, etc., free from flies.

No. 2. Workshops. There is no place available in the building where the children can receive instruction in any of the trades, such as carpentering, iron work, leather work, etc.

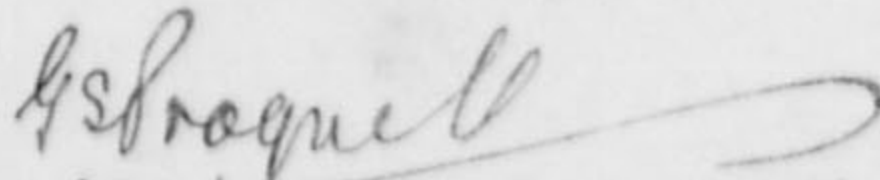

As this part of their training is, to my mind, important, though I am afraid rather neglected as a whole, it is most necessary that some place be provided for this instruction. I should suggest that a wooden building be erected adjacent to the school building for this purpose.

No. 3. The sink and drain board in the kitchen are not much more adequate than would be supplied in a fairly large private home.

The five mentioned and enlarged upon points are outstanding and should be attended to. There are a number of other things that could be, with great advantage, changed or added to, and a number of structural mistakes such as poor lighting in kitchen, bad dormitory supervision accommodation, inadequate storage room, awkward fuel supply system, badly laid concrete flooring in play room, etc., that could be enlarged upon, but that would probably be too costly, and these are not points in which sanitation and safety depend.

Probably all these points have already been drawn to your attention. You must excuse me, therefore, if I again repeat them. But I feel, in the interests of the Indians and the Department, not to say the good name of the religious body in charge, that I am only doing my duty by laying them before you.

Yours truly,

(George S. Pragnell)

Inspector of Indian Agencies.

Extract from Inspector's Report on the Fraser  
Lake Residential school, dated April 23rd and  
24th, 1923.

Dairying.

No butter was made during the year as whole  
milk is served for breakfast. There is really  
not enough milk for the children. This school  
should have more cows than it has at present.

Fire Protection.

There are stand pipes and hose provided on every  
floor with a fire tank in the basement, also fire  
extinguishers in nearly every room. However, the  
inadequate water supply makes the fire protection  
very uncertain.

Gentlemen:-

Attention Accountant.

Will you kindly favor us with cheque for \$66.42, to take care of prepaid freight charges on the 10 H.P. Type 'Z' Engine shipped by us to the Fraser Lake Indian School on February 8th, 1923, as shown on the accompanying statement.

In today's mail we have written to Mr. Miles Morley, resident engineer, who is conversant with the transaction, asking him to kindly assist in facilitating payment in view of the delinquent nature of this account.

Yours very truly,

THE CANADIAN FAIRBANKS-MORSE CO. Limited.

Ottawa, September 19th, 1923.

Sir:-

I beg to inform you that arrangements have been made with Mr. Moncrieff, General Contractor of Vancouver, for the installation of a water supply system at Fraser Lake Industrial School, in accordance with plans and specifications sent to you under separate cover, which have been especially prepared for this work.

It is understood with the contractor, that the work will be performed with your co-operation and under your supervision, in the manner mentioned in the copy of the official letter of instruction sent this date to Mr. Moncrieff, which is inclosed herewith for your guidance. The Department will expect you to strictly adhere to the instructions mentioned in this communication, and will reply on you to see that the work is performed as economically as possible, within the date stipulated in the specification, in order that the building might be provided with a reliable fire protection system, before the cold season sets in.

I shall request, also, that you furnish me with a weekly report giving a summary of the nature and quality of the work performed.

In case the contractor should require additional information with regard to this project, I should be advised immediately, in order that it might be given consideration with the least possible delay.

Your obedient servant,

A. F. MacKenzie,  
Acting Asst. Deputy and Secretary.

Ottawa, September 19th, 1923

Sir:-

With further reference to my telegram of September 13th, and your reply thereto of the 14th, I beg to say that you may proceed at once with the installing of the proposed water supply system at the Fraser Lake Industrial School, in accordance with the plans and specifications which are being sent to you under separate cover.

The plan and specifications above referred to were prepared from a preliminary report submitted by Mr. E.H. Tredcroft, C.E., of the Dominion Water Power Branch at Kamloops. They are not therefore, intended to contain all the necessary details for the execution of a project of this kind. I shall, therefore, rely upon you to make any alterations or changes which you may think advisable, in order that the work might be carried out in the most economical manner possible.

I wish to especially bring your attention to that item of the specification where it is desired that a test well be driven at the proposed location marked "A" on the plan, before proceeding with any excavation work near the lake, and deciding upon the final location of the intake well. You will readily understand that in case a sufficient and reliable supply of water was available from a well at such a place, a considerable amount of work and expense would thereby be eliminated. I shall, therefore be glad to be informed of the result of these trial wells as soon as they are completed.

With reference to the proposed elevated steel tank referred to in my telegram of the 13th, and the specification, further instructions will be sent to you in the course of a few days as to the intention of the Department with regard to this additional fire protection.

It is understood that the work is to be carried out in co-operation, and under the supervision of Mr. W.J. McAllan, Indian Agent, Fort Fraser, and that you will obtain competitive prices for all materials required in connection with this work, the order being placed with the firm submitting the lowest quotation.

*pl*  
The tenders for the pump and engine should be accompanied by detailed specification and illustration of each make. They are to be forwarded to this Department, as soon as possible for acceptance.

It is also desired that all accounts and pay lists be sent here in triplicate, through the Indian Agent's Office, and accompanied by the various quotations submitted, all of which should be duly verified and certified by yourself, and the Indian Agent.

I understand that you are to give personal supervision to this work, for which you will be paid on a proven cost plus 10% basis.

Kindly acknowledge receipt of this letter.

Your obedient servant,

*A. F. Mackenzie*

Right Reverend Sir:

I have Your Lordship's letter of the 31st ultimo, with reference to the urgent need of a new water system at the Fraser Lake Indian Residential School. The reason for the delay in providing for this school has been the uncertainty as to what type of system should be installed.

In reply I wish to state that, upon receipt of Your Lordship's communication, I immediately secured authority for the provision of a water system that will cost in the neighborhood of \$10,000; and the Departmental Engineer is negotiating, by wire, with a general contractor in British Columbia. It is hoped to have the work undertaken at once, on a proven cost plus 10% basis.

The erection of a barn at this school will have to stand over until next year.

DEPARTMENT OF INDIAN AFFAIRS  
CANADA

OFFICE OF THE  
DEPUTY SUPERINTENDENT GENERAL  
OTTAWA

Sept. 10, 1923.

Memorandum:

Honourable Charles Stewart.

Two years ago the Fraser Lake Indian Residential School main building was completed, at a cost of \$175,000. At the time of erection a temporary water supply was installed, and it was hoped to arrange for a gravity system from the hills to the rear of the building. An engineer of the Dominion Water Power Branch has lately reported that this scheme for a permanent supply of water is out of the question and it will be necessary to install, without delay, a water tank and pipe line to connect up with a well at the edge of Fraser Lake, some 400 yards to the front of the building.

Fraser Lake is in such an isolated position, that a permanent and satisfactory water supply system should be provided in the immediate future. Last winter mechanical trouble developed and the school was forced to draw water for domestic purposes and was without any fire protection. In June, last, a fire broke out in the main building and was fortunately brought under control, after a few hundred dollars' worth of damage was done. This occurred at a time when the temporary water system was in order, but it emphasized the necessity of providing a permanent and adequate supply at once.

\$10,750 is definitely available in the Appropriation for Indian Education, to provide additional equipment at this school. Mr. R. Moncrieff, a general contractor, P. O. Box 726, Vancouver, B. C., has lately completed the laundry and chapel at this school, on a percentage basis, and is well acquainted with local conditions. Mr. Moncrieff's work for the Department has been most satisfactory and has been completed with considerable despatch. I should be pleased to have your authority to engage him to undertake the construction of the permanent water supply system, on a proven cost plus 10% basis.

The cost will be about \$10,000.00.

*Concurred*

Superintendent General of Indian Affairs.  
Ottawa. Ont.

R

Sir,-

I beg to call your attention once more to the very important matter of the water supply.

I do not need to refer you to the extensive correspondence which you will have on file regarding this question, nor to the report of the Government expert, who declared the system here "a joke". The expert was here, he declared the water system to be insufficient, and we had hopes that something would be done. Now the season is advancing, soon the ground will freeze and ground work will be impossible, and nothing is done.

Be it sufficient to say that I can not feel myself justified in starting in the winter term with the water system as it is.

Your obedient servant,

*A. Coccolia*  
Principal.

Ottawa September 13, 1923.

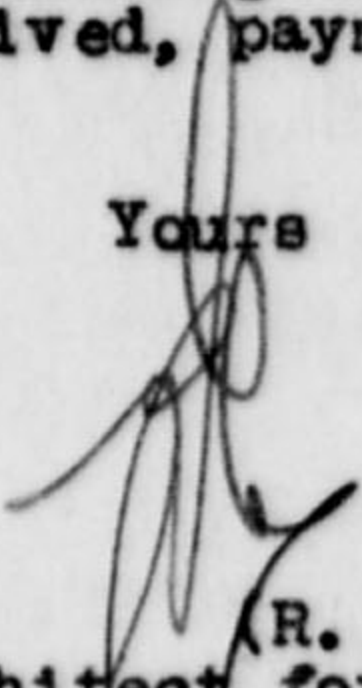

Dear Mr. Moncrieff,-

I have received the final certificate from Mr. Morley, for payment covering your work at the Fraser Lake Indian Boarding School. This certificate, however, does not include the ten per cent as shown on the account submitted by you.

As I am not sure of Mr. Morley's address, I am returning these accounts to you and would ask you to please have Mr. Morley make out a final certificate including the ten per cent. As soon as this is received, payment will immediately be made.

Yours very truly,

Encls.

  
(R. GUERNEY ORR)  
Architect for the Department.

Sir:-

I beg to acknowledge receipt of your letter of Sept. 19th. No. 163-1-5 with copy of letter to Mr. Moncrieff, Contractor, Vancouver attached and which is of the same date, relative to the putting in of a water supply system at the Fraser Lake Industrial School. I note that you desire me to Superintend the work. I will give this matter my best attention.

I note that the specifications call for the work being done by the 1st. of December. I doubt very much if the work can be completed by that time. The Foreman is now on the ground and expects to break ground on Monday. I will urge him to put on as big a force as he can conveniently work and get all the sinking and intrenching done before the freeze up comes. I would be glad if you would send me forms for the weekly report on this work if not already sent to the contractor.

I have the honour to be, Sir,  
Your obedient servant,

Ottawa, Oct. 10, 1923.

Sir:

I have your No. 125/1620 of the first instant, enclosing a letter from the Rev. Principal of the Fraser Lake Indian Residential School to Mr. McAllan, relative to the needs at the institution.

I am pleased to inform you that arrangements have been made with Mr. R. Monerleff, who is the contractor for the Fraser Lake School, for the installation of a complete new water supply system for this building.

The advisability of providing accommodation for male members of the staff and of building adequate barns and work-shops will not be overlooked, when we are preparing our Estimates for the ensuing fiscal year. I should be grateful if you would advise the Indian agent that an effort will be made to provide funds for the most needed improvements.

Your obedient servant,

DOR-COPY

Indian Office,

At Fort Fraser, B.C.

October 16th. 1923.

Sir:-

Referring to your letter of September 19th. No. 163-1-5 .  
and in the matter of installing a water supply system at  
Fraser Lake Industrial School, I beg to report as follows  
for the week ending the 13th. instant:-

Work was actually started on Friday the 5th with two or  
three men . On Monday the 8th. the force was increased and  
now at writing eighteen or twenty men all Indians are employed  
on the job. In pursuance with the Department's instructions  
a test hole was attempted at point (B) in the plan but was  
abandoned as necessitating too much rock excavating both  
in reservoir and pipe line. A second test hole between (B)  
and the point (A) on the blue print was sunk to lake level  
and seepage water encountered but on account of soft nature  
of ground this was also abandoned and what is now thought  
to be a final location was made slightly West of the (A)  
point. The well is now down eight feet showing two feet of  
water standing at lake level . Rock in place has been  
encountered and progress is stayed pending arrival of  
drills and powder. In the meantime the full force is  
working on the ditch. The well or reservoir is so situated  
that if a sufficient supply of water is not produced by  
lake seepage a pipe line to connect with the lake can be  
laid.

I have the honour to be, Sir,

Your obedient servant,

Indian Agent.

The Secretary,

*100000  
2<sup>nd</sup> Act  
(under release)*

163-1-5

Ottawa, Nov. 2, 1923.

Sir:-

I beg to enclose herewith two tenders sent in by Mr. R. Montarief, contractor, for the supplying of pumps and engine for the water works supply system now being installed at the Indian School at Fraser Lake in accordance with the plans and specifications prepared by Mr. Tredcroft of your Department.

*PP*

You will note that in the proposal submitted by the Fairbanks Morse Co. Ltd. the pumping equipment is different from that mentioned in the specification. Before giving a final decision to the contractor for the placing of the order I think it advisable that the question be referred to Mr. Tredcroft through your office, in order that he may communicate personally with the contractor and advise him as to which type of pump and engine should be adapted. It is understood that preference shall be given to the firm quoting the lowest price, and that the accompanying correspondence will be returned to this Department as early as possible, with a report as to the course taken by Mr. Tredcroft with reference to this matter.

Your obedient servant,

*J. D. McLean*

J. D. McLean,  
Assistant Deputy & Secretary.

*Mr. Chipsey*  
A.F. MacKenzie, Esq.,  
Acting Assistant Deputy Secretary,  
Department of Indian Affairs,  
Ottawa.

Dear Sir,-

You will please find enclosed two tenders for  
pumping outfit with catalogues, etc. attached.

Fairbanks Morse have the machinery in stock at  
Vancouver, and the other people can supply on two weeks  
notice.

I have not reported progress of the work as Mr.  
MacAllan, I understand, has been doing so weekly. Am  
almost sure it will be necessary to extend intake pipe  
about 200 feet on lake side of the pump house, as in no  
case have we found the rock (which is conglomerate) more  
than about 5 feet below the surface, or about even with  
the present water level in the lake. Before Spring the  
lake will likely be about 2 feet lower than at present.

We will not do anything in connection with the  
intake until the well is sunk to the required depth by  
which time the seepage may be sufficient for the supply,  
and make the intake from the lake (which of course will  
be the most expensive part of the work) unnecessary.

Yours very truly,

*R. Moncaiff*  
*P.O. Box 726*

INDIAN OFFICE

At Fort Fraser P.O.

October 22 1923

Sir.-

Referring to my report on progress being made on water system at the Indian School at Fraser Lake it will be noted that lake seepage is not at present coming into the reservoir in sufficient quantity to form anything like an adequate supply and it will likely be necessary to connect the reservoir with the lake directly by pipe or seepage bed.

Now I would like to have your close attention to the following:- The reservoir is fifty feet from the water's edge and the foreman on the work, Mr. Skelton and myself have both come to the conclusion that a seepage bed constructed partly of pipes near the reservoir and entirely of rock gravel and sand on the lake end would be better than running a pipe all the way. The bed would be laid in a ditch dug as deeply as it was possible or necessary to go and at least three feet wide at the bottom and even if not satisfactory the end of the pipe could at any time be uncovered and continued on out into the lake. The reason against taking the water supply in wholly by open pipes is that the lake being shallow at this point it is often very riley in windy weather. Kindly wire me your decision on this matter as time is a very important matter now.

I have the honour to be, Sir,

Your obedient servant,

*H. J. W. Allan*

Indian Agent.

## INDIAN OFFICE

At Fort Fraser P.O.

October 22 1923

Sir.-

Referring again to your letter of the 19th Sept No 163-1-5 and in the matter of installing a water system at the Fraser Lake Industrial School I beg to report progress on the work for the week ended Oct 20th as follows.-

Ditch for pipe line completed from tanks in School to reservoir near lake except under railroad track. Pipe laid from tanks to point of first inspection joint and work on pipes temporarily held up pending arrival of joints.

Work on reservoir is progressing satisfactorily the rock is now being blasted and removed but unless water bearing crevices are struck in the next four feet it will be necessary to connect the reservoir with the lake as the seepage is not sufficient. The bottom of the reservoir is now down four or five feet below lake level.

Eight or ten men were paid off on Saturday night and the force reduced to just enough for double shift crews on the reservoir and two men getting the pipes etc ready to lay.

I have the honour to be, Sir,

Your obedient servant

*H. J. W. Allan*

Oct. 19, 1923

Sir:-

Referring to your letter of September 27, No. I63-I-5 I have to say that Mr. Moncrieff was here yesterday. After reading your letter he said that he could not give estimates on the installation of the closets and other improvements in the kitchen until he goes to Vancouver, from where he will communicate with you.

Your obedient servant

163-1-5-  
INDIAN OFFICE

*McClintock*  
At Fort Fraser, B.C.

November 8th. 1923.

Sir:-

Referring to your letter of September 19th. No. 163-1-5.  
and in the matter of installing a water system at the Fraser Lake  
Industrial School, I beg to report on the progress of the work up  
to date as follows:-

The ditch from the tanks in boiler room to reservoir at lake  
completed. Pipe laid from tanks into reservoir. Reservoir sunk to  
a depth of fourteen feet or nine feet below present lake level, the  
last five feet in rock. Seepage 250 gals. per hour which may lessen  
some with freeze up. Surface is excavated to a depth of four and one  
half feet around reservoir and frames being put in for cementing.  
Cement for same is on ground. Work hindered a little by zero weather.  
Temperature now more favourable. Men also working on seepage bed to  
lake, the first ten feet of which has been laid to a depth of four  
and one half feet below present lake level.

I have the honour to be, Sir,  
Your obedient servant,

*M. J. Wallan*

Indian Agent.

The Secretary,  
Department of Indian Affairs,  
Ottawa.

REMARKS

This refers to Voucher No. 1006

No competitive prices taken on lumber. Webster & Black have local mill two miles from school and with water transport delivered the lumber right at reservoir site much cheaper than it could have been imported.

163-1-5

INDIAN OFFICE

At Fort Fraser, B.C.

November 19th, 1923.

Sir:-

Replying again to your letter of September 19th. No. 163-1-5 in the matter of installing the water system at the Fraser Lake Industrial School. I beg to report progress of the work in addition to that already reported.

Since last writing the reservoir has been cemented with the exception of the top slab and the pump house is being erected. The ditch is all filled in from the school to the reservoir as we were afraid of the thrown out ground freezing when it would have been very difficult to have moved it as in some places the ditch had to be excavated to a depth of nine feet. The seepage bed is now completed right to the water's edge at a depth at the reservoir of six feet below the lake level and at the lake level of five feet. However only a small amount of seepage was encountered as the strata proved to be solid blue clay so that it will be necessary to run the pipe line for some distance in the water to connect with the seepage bed. The flow of water in the reservoir is now, I estimate at easily 300 gallons per hour and the seepage is coming from such a depth that it cannot I think be interfered with by the freeze up during the winter. However it was felt that to get an adequate supply sufficient for all emergencies it would be better to connect the lake directly with the seepage bed and the reservoir. It is going to prove a difficult matter to get the pipe in the lake down to the necessary depth. We will probably have to wait until the lake freezes over and complete the ditch from the ice and connect the pipe on the ice and roll it into position.

I have the honour to be, Sir,  
Your obedient servant,

Indian Agent.

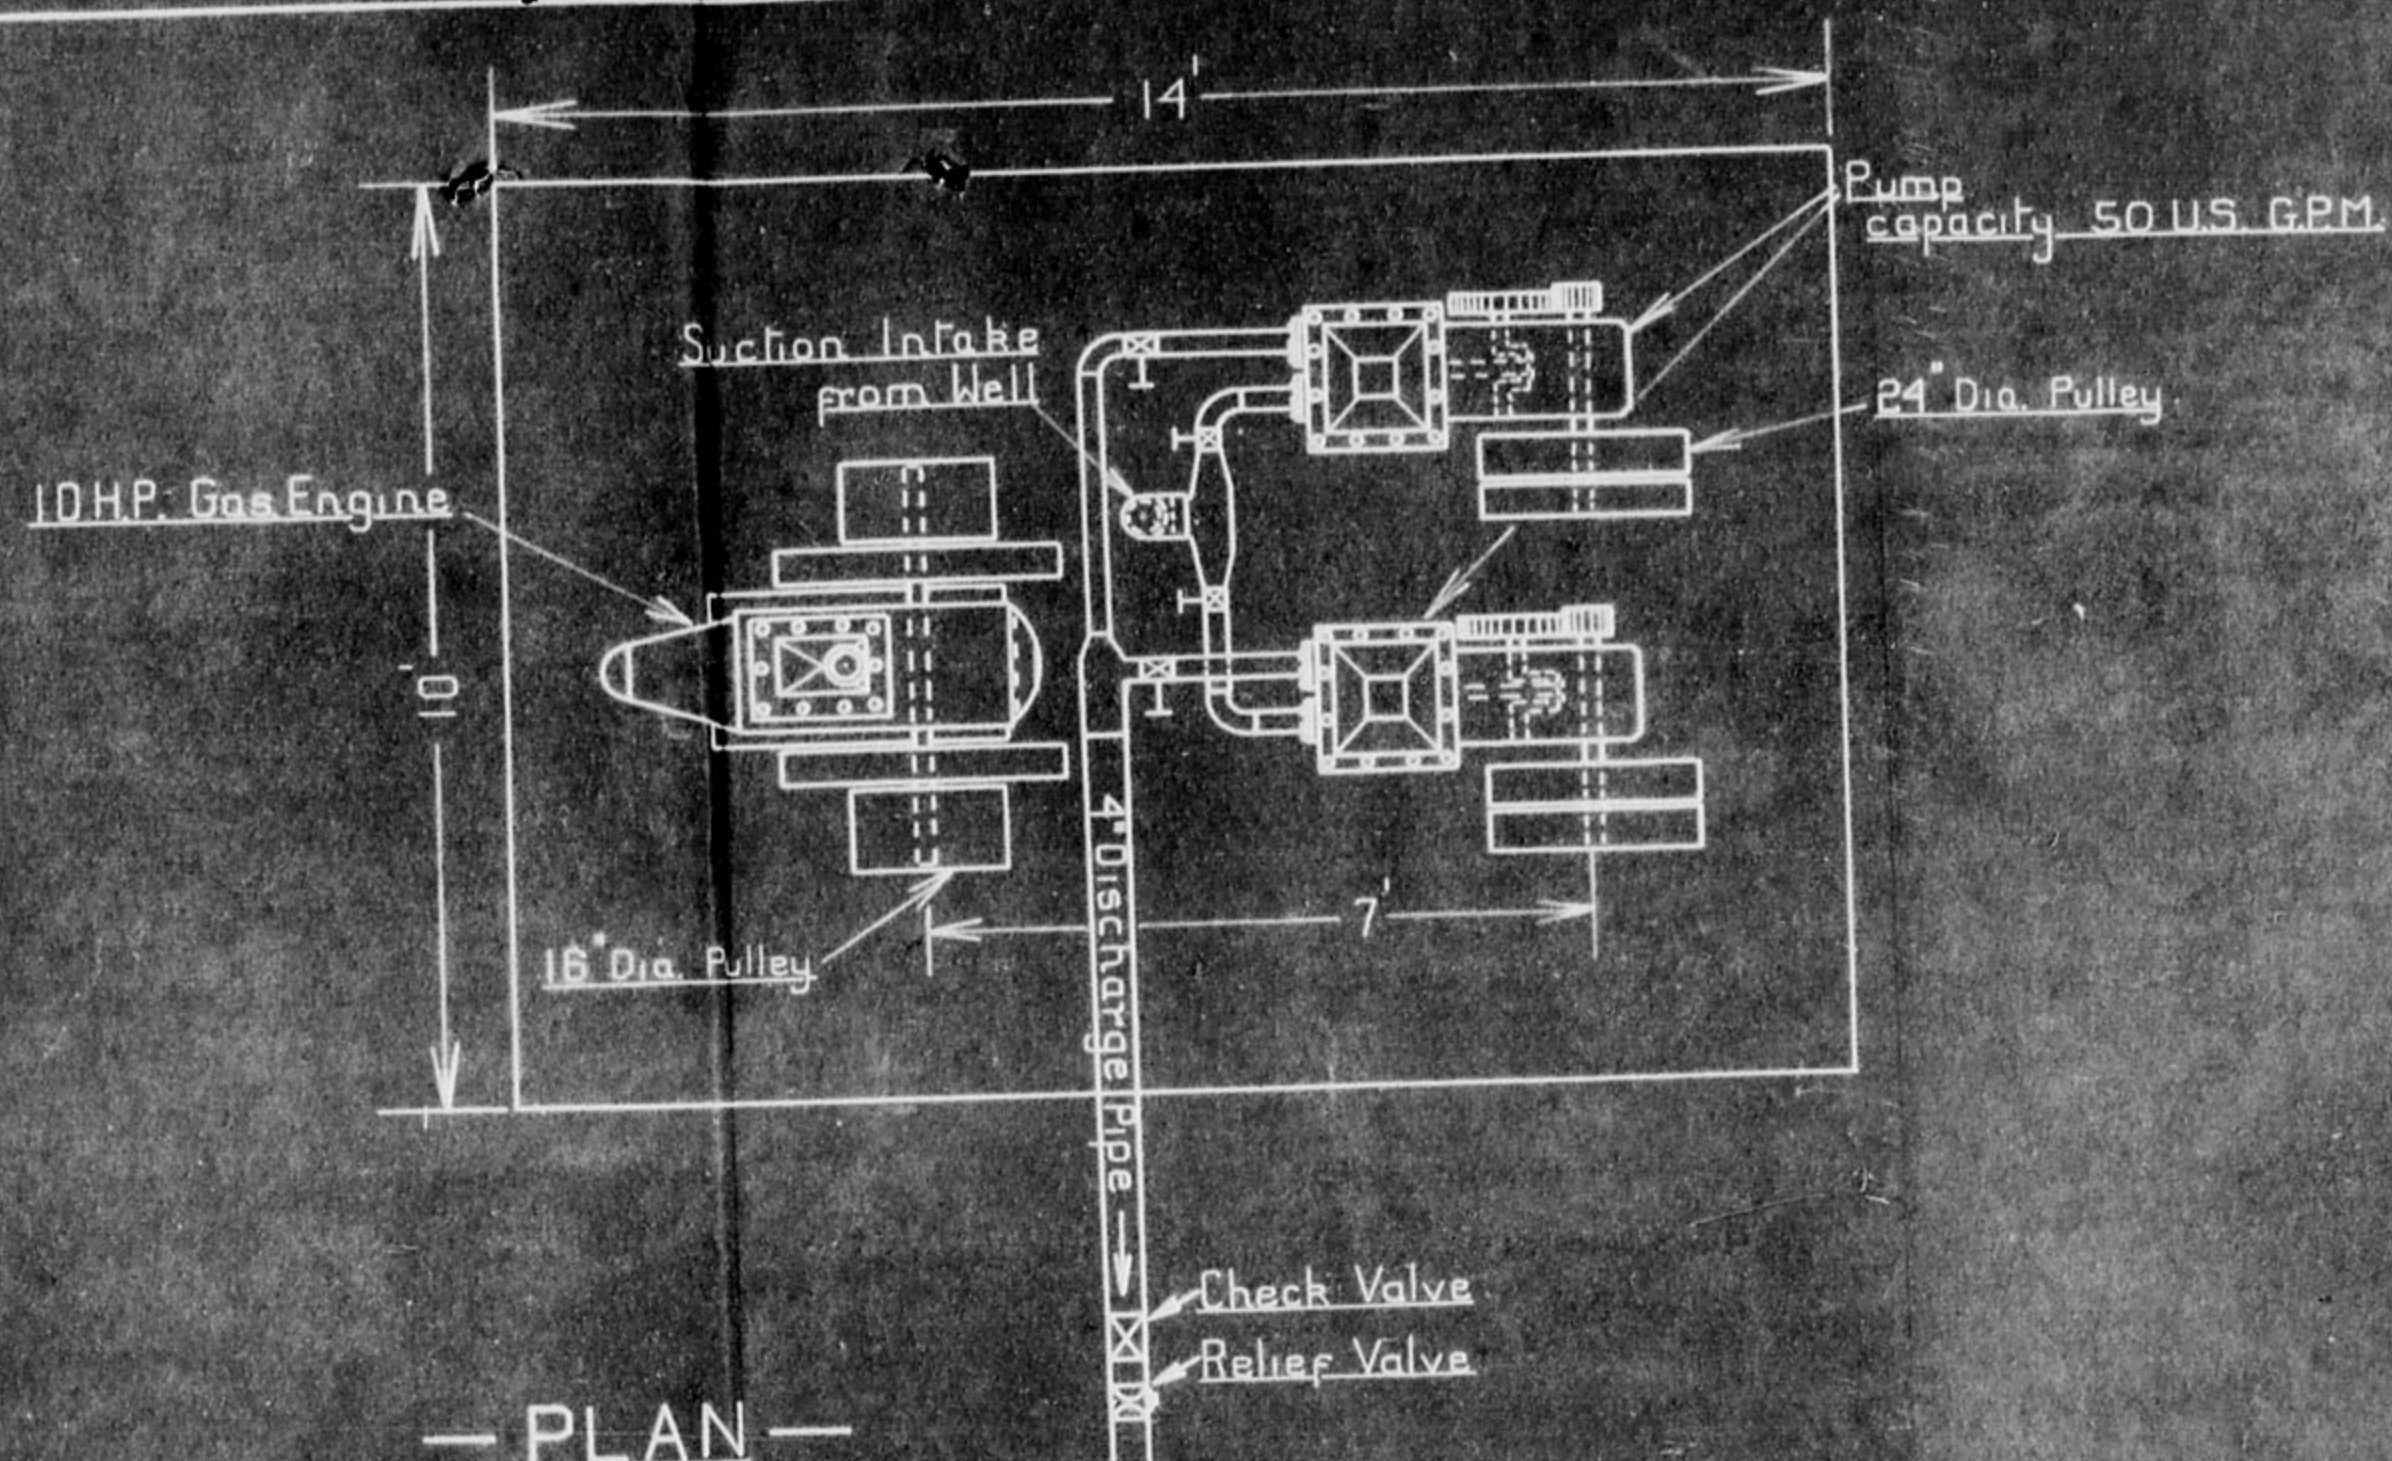

The Secretary,  
Department of Indian Affairs,  
Ottawa.

re

Proposed Pumping Plant, Fraser Lake Industrial School.

-----

Sir:-

With reference to correspondence regarding pumping machinery for the Fraser Lake Industrial School, which was recently forwarded to me for examination, I wish to state that I have examined the tenders submitted very carefully, and beg to report to you as follows:-

Whereas my previous report recommended the installation of one pump to supply 50 U.S. gallons per minute, the tenders submitted are for two pumps, each to have a capacity of 50 U.S. gallons per minute, to be operated by a six H.P. engine, as per the quotations enclosed.

The sketch which accompanied the correspondence, together with the tenders submitted, would indicate that these pumps are not meant to be operated together, but only one at a time, in view of the fact that a six H.P. engine was apparently specified, and I would strongly recommend that, if it is the intention of the Department to install two pumps in place of the one originally recommended, that the power of the engine supplied be raised from six H.P. to ten H.P. in order to allow of both these pumps being operated

Indian Affairs. (RG 10, Volume 6444, file 881-5, part 2)

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA

POOR COPY

at the same time. The extra cost of making this change to supply the additional four H.P. would amount to \$318.00, and would be more than justified in view of the fact that the available water supply would be doubled.

In the event of the above alterations being approved of by the Department, I would recommend that the tender of the Canadian Fairbanks-Morse Company be accepted as follows:-

Two 3½" x 6" Duplex Power Pumps, brass fitted, capacity, 50 U.S. gallons per minute against a working pressure of 150 pounds per square inch at 40 R.P.M. \$562.00

One ten H.P. Z Type gasoline engine, hopper cooled, with full equipment and two pulleys for driving 3½" x 6" pumps 608.00

Fittings for pumps as shown in tender (subject to slight alterations depending on method of installation) 120.50

Total \$1290.50

Certain alterations in the method of installing the machinery from that shown by the sketch which accompanied the tender would appear to me to be desirable in order to minimize transmission losses.

For instance, the sketch forwarded to me shows the pumps being driven off a countershaft. This is not necessary, as the Z type engine it is proposed to supply has two fly wheels and the pumps can be belted to them direct, one on each side, by means of pulleys 16" in diameter, having a 10" face. This method would permit of both pumps being operated at once or one at a time and would be a neater and more efficient installation.

The above machinery if properly installed, as shown in the accompanying plan, will deliver 100 U.S. gallons per minute to the present storage tanks, which have a capacity of 1500 U.S. gallons, and provided the air pressure in these tanks is maintained at the proper figure (50 pounds per square inch) any hydrant equipped with a ¾" nozzle and situated on the ground floor of the school will, in the event of fire, be able to

Indian Affairs. (RG 10, Volume 6444, file 881-5, part 2)

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA

POOR-COPY

deliver approximately 90 U.S. gallons per minute under a pressure of 45 pounds per square inch, and this supply can be continued as long as the pumps are maintained in operation.

The discharge pipe from the pump house to the storage tanks should be not less than 4" in diameter, and capable of withstanding a pressure of 125 pounds per square inch; and one check valve and one automatic safety valve should be incorporated in the system, and placed close to, but outside, the pump house. This safety valve should be adjusted so that it will commence to discharge water at a rate of not less than 100 U.S. gallons per minute when the pressure in the system reaches 110 pounds per square inch, that being the maximum pressure against which the pumps will be required to operate, provided that the present storage tanks are used and the pressure in them is maintained at not more than 50 pounds per square inch. Care should be taken to place the check valve nearer to the pump house than the safety valve, in order to ensure the proper operation of the latter; and for this purpose I would recommend the installation of the following fittings:-

One standard 4" diameter check valve;

One automatic safety valve, adjusted to operate at a pressure of 110 pounds per square inch, and having an area of free discharge when open of not less than 1 square inch.

Your obedient servant,

*E. H. Hildart*

Acting Division Engineer.

Dear Sir:-

We regret that we have not a pump that we would recommend for the service required for the Fraser Lake School, than the duplex power pumps that we already quoted you on.

We think the Government would be very wise in adopting the duplex power pumps on this job, as they will be much more satisfactory than the single cylinder double acting pumps.

Yours very truly,

The Canadian Fairbanks-Morse Co. Ltd.

2:

In the above quotation we have quoted on the very best apparatus for the work which is available, and in regard to valves etc. have followed the specifications very carefully. We have figured on using wide-sweep fittings throughout made of galvanized malleable iron. These fittings will have to be galvanized locally. We have also figured on using 4 ply endless rubber belting.

While the specifications call for a 6 H.P. gas engine and upon which we have quoted, in order to develop a sustained ~~static~~ static pressure throughout the system for a period of two hours of 150 pounds per square inch, it would be necessary to have an engine which would develop close to eight horse power and as a matter of fact a ten Horse Power Engine should have been specified. However with a suction of approximately twenty feet and a discharge head of approximately eighty feet, the engine quoted upon will furnish ample power.

Trusting that we will be favoured with your order herein, we are

Dear Sir:

We beg to submit the following quotations  
on the apparatus for the above plant:

Two only Geared Power Pumps, Double  
acting and capable of developing  
a static pressure of 150 lbs. per  
square inch throughout the system  
as per specifications, manufactured  
by the American Steam Pump Co. as  
shown on Page 6, Bulletin No. 18  
copy of which is enclosed \$680.00

One only 6 H.P. Type "Z" Fairbanks  
Morse stationary oil engine with  
Bosch Magneto ignition 283.00

Complete layout of piping for coupling  
up the pumps as suggested on sketch plan  
herewith, including gate valves,  
drain cocks, strainers etc as per  
specifications, ready to put in  
place and being complete from  
bottom of well to junction with 4"  
wood-stave pipe to tanks 180.00

Complete transmission, including 4  
ply rubber belting, 2" cold-rolled  
steel shafting, steel pulleys and  
iron hangers 60.00

\$1203.00

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, Nov. 30, 1923.

Memorandum:

Mr. Scott.

Tenders have been received from the following firms for the furnishing of an engine and pumps and other fittings for the completion of the water supply system for the Fraser Lake Indian Boarding School, in accordance with the plans and specifications prepared by the Dominion Water Power Branch.

Modern Air-Conditioning Corp. Ltd.....\$1,203.00

Canadian Fairbanks Morse Co..... 1,038.50

The above mentioned tenders were submitted to the District Engineer at Vancouver for a report as both firms had advised that a 10 H.P. engine should be installed instead of a 6 H.P. as mentioned in the specifications. A report from Mr. Tredcroft is now on file and recommends that the order be placed with the Canadian Fairbanks Morse Co. which would amount to \$1,290.50. The increase in price is due to the fact that the furnishing of a 10 H.P. engine is being considered instead of a 6 H.P. This Company is ready to make delivery of this machinery at once, whereas the other firm cannot deliver for two weeks.

I would recommend that the tender of Canadian Fairbanks Morse Co. be accepted and that the Contractor in charge be requested to place an order at once for the machinery so that this system may be delivered as early as possible. I may add that Inspector Pragnell has also suggested that the capacity of the engine be increased from a 6 H.P. to 10 H.P. one as previously mentioned in the Engineer's report.

R. Gourney Orr, Esq.,  
Architect Department of Indian Affairs,  
Ottawa.

Dear Mr. Orr,-

In reply to yours of the 1st inst. re water tank at Fraser Lake School, I have looked into this matter and do not think it would be practical to put tanks in the attic. I think the best plan would be to put up a wood stave tank and house it in. During the very cold weather it could be heated by a stove, and with the house over the tank there would be no trouble from shrinkage in the upper end of the staves in the summer which is often the case because of the tank not being kept full.

The wooden tanks give good satisfaction on the railroad in this locality. Father Cocolo would like to have the tank located about 700 feet back of the school, which is about the highest point on the farm. His idea for having it there is so that it can be used for irrigation purposes. Of course the tank could be placed nearer the building and the water piped to the top of the hill; but by placing it on the hill it <sup>(the building)</sup> could be built about 20 feet lower and make a considerable saving on first cost and also on heating. If you decide to place it on the hill it would be well to get the pipe in as soon as possible, because it is very expensive excavating clay (such as they have on the school farm) after it freezes.

Will be very pleased to give you any further information regarding local conditions, etc.

Yours very truly,

*R. Gourney Orr*

At Fort Fraser, B.C.

December 6th. 1923.

R

Sir:-

Referring to your letter of September 19th. N<sup>o</sup>. 163-1-5  
Re installing a water system at the Fraser Lake Industrial  
School, I beg to report additional progress as follows:-

Pump house shingled and painted.

Windows and doors being installed.

Floor--. Slabs of concrete not yet in, -waiting plans of  
pump and engine.

Pipeline from boiler room to site of elevated tank  
being laid at the rate of 40 feet per day. This

means, the main ditch dug, pipelaid and ditch filled again for  
that distance.

I have the honour to be, Sir,  
Your obedient servant,

DEPT. OF INDIAN AFFAIRS  
DEC 24 1923  
RECORDED

At Fort Fraser, B.C.

DEC 27 1923  
BRANCH

December 15th, 1923.

Sir:-

In connection with Voucher No. 1026 for \$3981-79 being the progress payment in connection with the new water system at the Fraser Lake Industrial School. I beg to say that Mr. Moncrieff advises me that it is customary in a progress payment application to send in a certified statement as to expenditure for labour material etc. while the actual accounts are sent in later when the work is finished. I may say that I have nearly all the accounts in connection with this Voucher in the office today. Over 90% of the items for material are paid and all the wages accounts are paid. Most of the material is installed or erected and the other material mentioned is on the ground. Trusting that this is satisfactory and that the payment will go forward to the Contractor.

I have the honour to be, Sir,  
Your obedient servant,

*W. J. M. Allan*

Indian Agent .

The Secretary,  
Department of Indian Affairs  
Ottawa.

163-1-5  
INDIAN OFFICE

At Fort Fraser, B.C.

January 7th. 1924.

Sir:-

Referring again to your letter of September 19th. No. 163-1-5 regarding the water system being installed at the Fraser Lake Industrial School, I beg to report additional progress as follows:-

Since writing on December 6th. the pipe line from the reservoir at the lake shore to the site of the elevated tank is all laid and completed and the trench filled in. All of the foundation blocks for the elevated tank are completed and work on the superstructure will commence right away.

The pump house is all completed with the exception of the top slab of concrete which is now being laid. The pump and engine are on the ground and will be in place and water available in the engine room tanks in two weeks time.

The pipe from the seepage bed out in the lake will be the last piece of work done to enable the lake to fall to its very lowest level.

Cold weather has hampered the work on the concrete parts of the elevated tank very much but it is a source of satisfaction to know that the ditch was all done and completed before the cold weather set in.

The temperature has ranged between zero and 40 below for ten days but it has now moderated. Trusting that this progress will be considered satisfactory.

I have the honour to be, Sir,  
Your obedient servant,

*H. J. M. Allan*  
Indian Agent.

The Secretary,  
Department of Indian Affairs.,  
Ottawa.

Sir:-

I beg to acknowledge the receipt of your letter of the 7th instant together with vouchers amounting to \$3,335.22 in favour of R. Moncrief, Vancouver, in connection with the construction of a water supply system at the Fraser Lake Industrial School.

In reply I have to request that you furnish me with detailed accepted and certified accounts in duplicate of the various amounts mentioned in your statement, and copies of pay lists equally signed by the workmen and certified to by yourself.

Kindly adhere to these requirements when sending further statements of accounts.

Your obedient servant,

J. D. McLEAN.  
Asst. Deputy & Secretary.
